New layoffs; auto outlook called critical

This is Granite City, not Detroit, but the worrisome future of the American auto is adding dark clouds to the already recession-plagued economic and employment outlook here, officials say.

With weak automotive sales as part of the problem, National Steel Corporation's order book remains depressed, and it is planned to shut

down the finishing department at Granite City Steel for all of next week.

Terry Seabolt, GC Steel vice-president of industrial relations, said Tuesday that beginning this Sunday, July 13, the plant will lay off an undetermined number of employees in the finishing department for a one-week period. They will be recalled the following week.

The precise number of next week's layoffs remains uncertain because many of the workers will be on vacations that week, Seabolt said. He cited the "low level of business conditions" at present.

The current GC Steel work force totals 4,500. About 900 are on layoffs this week, with the remaining 3,600 working.

Slumping sales of standard-size autos are a direct factor—along with a strike by Auto-Workers Local 1715—in current inactivity and uncertainty at the A. O. Smith Corp. auto frame plant in Granite City.

The strike began April 8 and the company has asked employees to vote on its final offer by noon July 14. About 700 are on layoffs, and even a Smith con-

tract settlement would not lead to immediate recall of many of the other 650 workers, due to the sharp decline in the demand for frames.

Plant Manager Paul H. Kelly has told employees that an agreement is needed urgently "to prevent the further loss of 1981 sedan business and the possible removal of customer-owned station wagon tools from the plant."

"Changes in design of future automobiles, and declining sales of American-made cars—when coupled with a long and costly strike—have placed the existence of the plant in extreme jeopardy."

Meanwhile, the guest speaker at Tuesday's Granite City Rotary luncheon stressed that the nation may be

(Continued on Page 5)

Eight hurt in five accidents

Five injury accidents within an 80-minute time span Tuesday night strained the ambulance capabilities of Granite City and left at least eight persons injured, some seriously.

Three of the accidents were on or near Maryville Road, on a stretch from Alexander's on Nantasket Road north of Maryville Road, to Maryville Road and Route 162.

All three city fire department ambulances were in service simultaneously and Thomas Ambulance called out one of its units to assist during the shortage.

However, Randy Irwin of Irwin Chapel for Funerals said he also has an ambulance equipped for emergency runs, which could have been called out had there been another emergency.

The series of ambulance calls began at 10:55 p.m. Tuesday at 22nd Street and Madison Avenue where Bruce Carver, 24, Maryville, was seriously injured when his motorcycle and the station wagon of Karen Spencer, 3204 Newell Drive, collided.

Carver was charged with improper lane usage. He suffered a possible skull fracture and was taken by a Granite City ambulance to St. Elizabeth Medical Center where he was examined and was transferred to Firmin Desloge Hospital, St. Louis.

Traffic deaths in area rise by 55%

By HARRY BARNES of the Press-Record

Fourteen persons have died in Quad-City area traffic accidents during the first six months of this year—an increase of 55 percent over the nine fatalities recorded for the same period a year ago, statistics compiled by the Press-Record reveal.

At the same time, the number of accidents in the area during the first

half of the year declined by 35 percent and the number of persons injured in Quad-City accidents dropped 28 percent.

Records show there were 21 accidents during June with 43 persons injured. Three persons died in June accidents. These figures brought to 179 the number of accidents during the six months, and brought to 288 the total months, and brought to 288 the total months, and brought to 288 the total months.

(Continued on Page 5)

The driver of the station wagon, which contained eight persons, said she was in the left northbound lane of Madison Avenue with her left turn signal on when the motorcycle passed her on the left, northbound in a southbound lane. She was unable to stop turning in time to avoid the collision, she said.

Carver was ordered held by hospital authorities for Granite City police when he recuperates. He faces a charge of

unlawful use of a weapon. It is alleged a loaded .22 caliber derringer was in the right front pocket of his trousers when he was involved in the accident.

Doyce Graham, 39, and his wife, Margaret, 38, both of 2601 Morrison Road, were seriously injured when their motorcycle was struck from behind by the auto of Joy D. Lane, 2109 Dawn Ave., in the northbound lane of Maryville Road at Pontoon Road at 11:12 p.m. Tuesday.

Graham said he was stopped in the outside northbound lane while an eastbound ambulance passed enroute to the first accident. The northbound auto then changed from the inside lane to the outside lane and struck the rear of the motorcycle, knocking it about 30 feet into the intersection.

Joy Lane said she did not know if the ambulance was going to continue on Pontoon Road or turn onto Maryville Road, so she changed lanes to leave a lane open for the ambulance. She said she did not notice the motorcycle until it was too late to stop. She was charged with failure to reduce speed to avoid an accident.

The Grahams were taken by Granite City ambulance to St. Elizabeth Medical Center where he was treated for cuts to his head and lower lip and she was treated for injuries to both legs. They were transferred to Firmin Desloge Hospital.

The third accident occurred just eight minutes later, on Route 203 near Alexander's Restaurant (formerly Tony's), one-quarter-mile south of Interstate 270.

Taken by ambulance from that crash were Jamarie Delant, 15, of Rural Route One, Box 512, Granite City, who state troopers said was driving a van

(Continued on Page 5)

County sewer fee at issue

By GARY SCHNEIDER of the Press-Record

As the new sanitary sewers through Nantasket, Chouteau and Venice townships near completion, talks on the rate Granite City will charge the county to treat the sewage are finally beginning to make some progress, Louis Whitsett, chairman of the Madison County Special Sewer Committee, told the committee at its regular meeting last night.

The county has disagreed with an attempt by the city to impose a \$10 per quarter surcharge on all treatment plant users residing outside of the city limits. City officials felt the surcharge is fair to repay Granite City taxpayers who have been making payments for years on the bonds to build the massive sewage treatment and secondary treatment plants.

The county sewer committee has disagreed, but few talks have been held

and no progress in negotiating a fair rate has been made, those present at a recent meeting agreed.

Whitsett said he and the sewer committee's attorney, H. Carl Rungt, met Monday morning with city officials to discuss the treatment rate and some progress was made.

"The meeting went very well. We don't want to get something for nothing, but we don't want to pay too much," Whitsett summarized.

The county officials pointed out that treating sewage from the new sewers could assist Granite City, since the city's sludge currently has too high a chemical content to burn it economically in the city's incinerator.

Therefore, the city has been paying large amounts to haul the sludge to a private dump. When the raw sewage from the county's sewers is added, the resulting sludge may burn more economically, Whitsett said.

Another point the county hopes the city officials will consider is that the county has constructed its own sewers to near the treatment plant, while persons now being charged the \$10 surcharge are using city sewers. "We shouldn't be treated as part of the city because we do our own collecting," Whitsett pointed out.

Part of the treatment rate charged users of city sewers is for repairs to the sewers, Whitsett said. That portion of the charge should not be passed on by the county to users of the new county

sewers, since they already are paying the county for sewer maintenance and repairs," he explained.

The possibility of hiring an outside accountant to study the city's records and county records and recommend a fair treatment rate also was mentioned at the meeting.

"The city needs us and we need the city. I feel we are on the road to talking about something," Whitsett concluded. If an agreement on the treatment rate can be reached, the only stumbling block to actually hooking homes onto the sewers remaining will be getting electrical power to the lift stations, Whitsett said.

Union Electric has experienced difficulty in obtaining several needed easements to run power wires, which has delayed the project beyond its original target date of July 28.

Whitsett said he feels it will be 45 days before the pump stations will have power and the sewers will be ready to accept sewage. The project should be

(Continued on Page 5)

'The family' will get together here

"The family" will be getting back together this weekend in Granite City.

"The family" is the 1940 Granite City High School basketball team. The state champions.

The 1940 state champions will be the honored guests at the annual Lincoln Place Reunion, July 11, 12 and 13. All members of the team have been contacted and have indicated that they plan to attend the festivities. Included in the group may be the wife of

the late coach of the 1940 champs, Mrs. Byron Bozarth.

The weekend will begin with an informal gathering at Sim's College Pool Hall, 901 Niedringhaus Ave. Friday beginning at 6 p.m.

Saturday, a dinner dance will be held at St. Mary's Hall, Alton and Washington in Madison. A social hour will be from 6 to 7 p.m., dinner from 7 to 8 and a special program honoring the state champions will begin at 8.

McCabe in guilty plea to theft

Jersey Lee McCabe, 28, of the 3900 block of Central Lane, has pleaded guilty to first-degree theft and faces up to five years in prison and a \$5,000 fine.

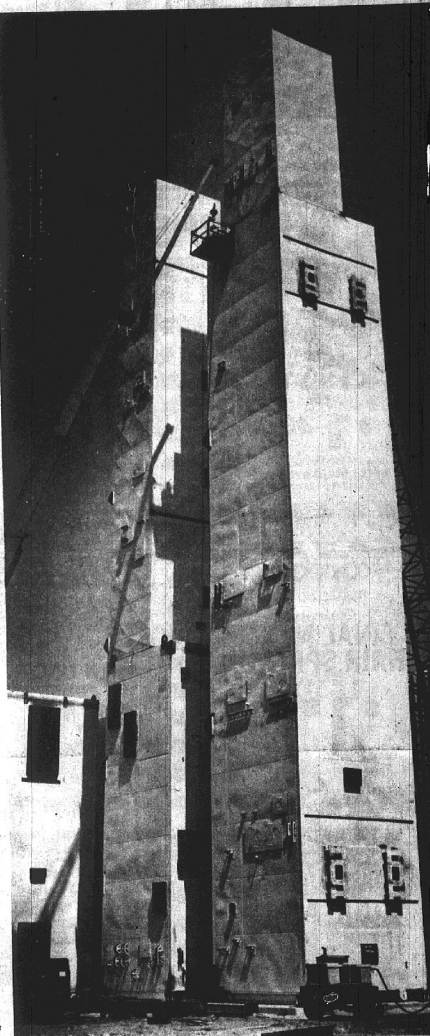

In return for the plea, the court dismissed charges of sexual battery, kidnapping, burglary and robbery.

McCabe had been charged with breaking into the room of a 33-year-old New York woman in a rooming house in Palm Bay, Fla., April 2 and assaulting her.

The victim said that a man wearing a mask tied her to a bed with shoestrings and an extension cord and sexually attacked her before leaving with her stereo and television set. A mask allegedly was found with the other items from her room in the auto McCabe's had just purchased, authorities in Florida said.

Local authorities following the case said they believe the plea bargaining was the result of two factors. The first was in finding the items in McCabe's auto may have been changed in court, they said.

A other problem with the prosecution's case was that the victim never saw her attacker's face and now she has had to rely on her memory about his voice to try and identify him. McCabe was convicted in Madison County of the Feb. 27, 1978, rape of a 20-year-old girl in the parking lot of St. Mary's City High School South, but won a new trial on a technicality. This time, he was acquitted of the charge and a few weeks later he went to Florida.

TWO TALL TOWERS. Six "cold boxes" have been stacked at the Air Products and Chemicals Inc. facility at 2220 Monroe Street, resulting in towers of 122 and 132 feet in height. The large boxes were transported from the Tri-City Regional Port to the site via downtown streets about one month ago. The new equipment will 700 increase the plant's production capacity of gaseous oxygen by 700 tons per day to meet the increasing demands of Granite City Steel. Workers, suspended by a crane on a platform, weld the smaller box to the top of a 102-foot box on the right.

SUMMER SCHEDULE

AT THE
**1st United
Presbyterian Church**
22nd & Delmar, Granite City

SUNDAY:
WORSHIP SERVICE **10 A.M.**
CHURCH SCHOOL **10 A.M.**

Madison girl at SIU camp

June Bosworth, daughter of Mr. and Mrs. Benjamin L. Bosworth, 1888 Second St., Madison, is attending "Music and Youth at Southern" on the Carboale campus of Southern Illinois University.

The music camp for senior high school students began Sunday and continues through Saturday. Programs being offered include concert band, orchestra, chorus, jazz band and related music activities.

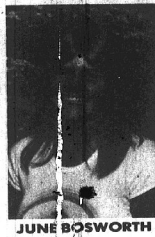

Miss Bosworth is attending the camp on a scholarship sponsored by the Madison

Minerva Reading Club. The grant was awarded on the basis of musicianship and scholarship.

She has been active in the Madison band program for the past seven years, playing the cornet.

At Madison High School, Miss Bosworth serves as vice president of the National Honor Society. She is a member of the Madison Student Council and the Foreign Language Club.

County Economic Opportunity Commission dinner in Venice

The Madison County Economic Opportunity Commission will sponsor its first annual dinner dance on Saturday, July 26, at the Venice-Madison American Legion Home, 740 Broadway, Venice.

Each year, the Madison County EOC holds its installation of officers and the board of directors in July. This year, the installation will take place at the dinner.

Also, honors and service awards will be given to several former board

chairmen, to program advisory boards, and to staff members with eight years or more of service to the agency.

Tyrone Echols, mayor of Venice, will be the toastmaster for the evening.

Service awards will be presented to Wilbur R. L. Tringe, one of the founders of the Madison County EOC, and William Tudor, John Q. Owens Jr. and James Bailey.

Service awards will be presented to Mayor Echols and Roger Ebbel, Wood River Township supervisor, for "distinguished service and cooperation with the citizens of Madison County."

Individuals who have served the agency for eight years or more and who are still with the agency are Dorothy Buford, Tishia

Smith, Carol Walsh, Eugene Morelli, Evelyn Echols, Aaron Spearman, Geraldine Hughes and Opal Davis.

The banquet will be served by Frenchies Fine Pastries and Catering Service of Granite City. Music will be provided by the Live Wire Disco Band from 9 p.m. until 1 a.m.

The evening will begin at 6 p.m. with an edge over the entire county are invited to attend.

Tickets may be acquired from any EOC office, outreach center, or program director. For mail order, Quade may call 1-402-9110 any weekday before 5 p.m.

Keeping somewhat cool—despite heat and humidity

(American Medical Association)

Unless you're one of the fortunate ones who is spending the summer in the high mountains, July is a hot month.

Some folks say: It's not the heat, it's the humidity. To some extent, this is true.

But humid or dry, most of the United States is hot in July and August.

Okay, so it's hot. What can we do about it?

In today's age of technology, we can get into air conditioned cool, that's what we can do about it. Or some of us can.

But millions of Americans must survive the hot summer without air conditioning because of outdoor work or a non-air conditioned workplace or home.

There are some things you can do to be more comfortable.

Stay out of the sun as much as possible, especially during the middle of the day when rays are hottest.

Wear light, loose clothing, the less the better. The more you have an edge over the men in this respect.

Drink more liquids than usual, but take extra salt only on the advice of your physician.

Take a shower or dip in the pool once or twice a day to cool off the plenty of rest and sleep. Eat your regular diet.

Get up early in the morning to do your heavy work on the lawn or garden. Or work at dusk.

Try to avoid heavy exertion during the hottest hours of the day.

You need exercise in summer as well as in winter, but don't overdo it, especially on extra hot days.

The more relaxed outdoor life of the summer months has many advantages to compensate for the heat.

Stay relaxed and use common sense, and you can beat the heat — at least somewhat.

Woman organizes sale of yearlings

By JOHN SCULLY

The secretary of the Illinois Breeders and Owners Foundation has many responsibilities. She enrolls new members, operates two yearling sales, handles breeders' awards, and helps horseowners register their horses.

Pat Whitworth seems the perfect person for this position. She has both the personality and the intelligence to handle the varied tasks involved in her job.

She also has an extensive background in the horse business. She's gone from breaking yearlings for her uncle, E. E. Pershall, to running a large thoroughbred farm with her husband, Russ.

The Whitworths have bred

and raced many good horses, including Cole Younger, Bob Younger, General American and Dreamy Jeff.

At their Woodlands Farm in Edwardsville, they stand at stud Majestic Fun, Recaptured, Moonrind and Comaught.

Pat is very much involved in organizing the two Illinois Registered Yearlings sales. The first is a select sale held in Chicago on Aug. 22. The second is in Springfield on Sept. 21. She is also involved with the Nov. 2 mixed sale in Springfield.

Most of Pat's duties involve the paperwork concerned in registering horses, into the Illinois Breeders Program, and in handling the breeders' awards.

Over \$40,000 was awarded to breeders in the first 55 days of racing at Fairmount Park. Nearly 200 breeders have benefited from this program.

She is high on the Illinois Breeders Program, and those horsemen who have benefited from Pat's knowledge are high on her

Pre-apprentice certificates for 4 local women

Lewis and Clark Community College President Wilbur Trinkle has presented certificates of completion to 36 in the first graduating class of the Pre-Apprenticeship Training for Women in Construction program.

Recipients included Theresa McNeil of Madison and three Granite Cityans, Carrie Kidwell, Phyllis McCullough and Karen Pierson.

Goal is to help form a qualified pool of women candidates for union apprenticeship openings mandated by federal guidelines for such projects as the new Alton lock and dam.

The training consisted of 20 weeks of eight-hour daily instruction, divided into four hours in the classroom and four hours of on-the-job training.

Academic requirements included classes in physical fitness, assertiveness training, algebra and metrics, physical science and job skills development.

On-the-job training consisted of learning and demonstrating proficiency in welding, riveting, soldering, sheet metal layout, plastering, wallpapering, painting, setting of concrete forms and carpentry.

During the last six weeks of the program the class applied and refined its work skills, completing several projects at the Gordon Moore Park in Alton.

Market value of homes is available here

Friday is the final day of nearly a month-long program in which members of the Granite City Township assessor's office are encouraging homeowners to check the recorded market values of their residences. The market value is used to determine the assessment, which is then used in computing real estate tax. Any errors in criteria used to compute the market value of a residence noticed by a homeowner may result in a change of the market value, which could result in lower taxes during collections in the summer of 1981, according to Assessor Von Dee Cruse.

Homeowners may check their home market values from 8:30 a.m. to 4:30 p.m. today and tomorrow at Cruse's office in the basement of the city hall, Niedringhaus and Edison avenues.

Theft charged

Richard O. Agers, 41, of 1618 Spruce St., was arrested at his home at 5:45 p.m. Tuesday and was charged with theft for allegedly having a stolen bicycle in his possession.

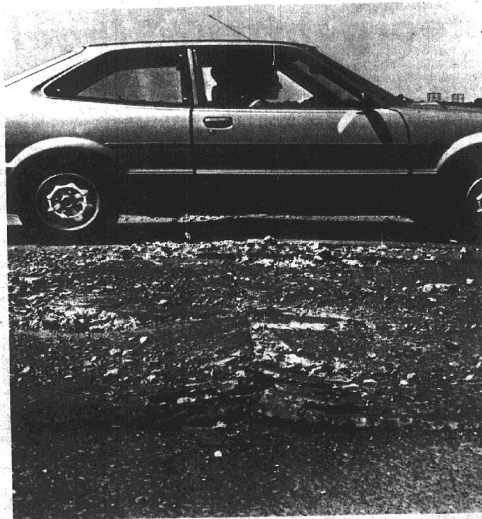

Daisy Jones of the 1700 block of Chestnut St., called police Tuesday and said she believed Agers had her bicycle, stolen June 14. An officer was allowed into Agers' home and alleged seeing two bicycles in the house, including the stolen bike, which had been dismantled.

Officers also took a green Sony 26-inch boy's 10-speed bicycle from behind the couch to the police station to determine ownership of it, police said.

BROWN PROMOTED TO SGT. FIRST-CLASS

Douglas Brown has been promoted to the rank of sergeant first-class in a ceremony at the U.S. Army Reserve Component Personnel and Administration Center, St. Louis.

Brown presently is personnel sergeant at RCFAC, where he has been assigned since December 1978. He and his wife, Marvis Joann, live in Granite City.

EXPLODED STREET. "It scared the tar out of me. I thought it was an earthquake," is how one resident of West Pontoon Road described the sound when the street buckled under a glaring sun and 100 degree air temperature at 2:40 p.m. Tuesday. The break, which went all the way across the four-lane roadway, was about one-fourth of mile east of Missouri Avenue (Old Route 3).

Pontoon to occupy new village hall Aug. 11

Preparations to move the office facilities of the village of Pontoon Beach to the newly-acquired village hall in the former Central Baptist Church building at 3910 Highway 111, were the main topic of discussion at the board of trustees meeting Tuesday night.

Pontoon Village Board President Paul Bennett said the official moving day is set for Aug. 11, if at that time all working equipment and a

phone system can be installed.

The board reviewed a total bid of \$453 from Weiss Equipment Co., to install an antenna and transmission lines in the new building to include lightning protection.

Another cost in the moving would be a new sign outside the village hall which would involve stripping and repainting of the existing sign to cost \$400 plus a

charge of \$235 for each letter from the Levi Sign Co. A completely new sign with lettering would amount to \$2,005, it was noted.

The installation for eight telephones at an initial cost of \$1,576 was approved by the trustees.

A report submitted by the police committee noted a review is advised in relation to officers providing traffic citation lists to the department for a comprehensive study on the areas where the violations are most prevalent.

A meeting was set up for 9 a.m. Saturday, July 12, for the police committee and appropriate people concerned with the problem at the village hall.

Also to be discussed at Saturday's meeting will be an increase in salary for the village attorney, Robert P. Hennessey, and a final review, changes and preparation of the annual budget, Bennett announced.

Board members will also seek an estimated cost to have rock and chat poured at the shoulders of newly resurfaced roads, resulting in a six-inch drop in some places.

Pet adoptions via telephone Saturday

A Great Dane, beagles and several puppies are among the pets being offered for adoption by the Association for Protection of Animals.

An adoption clinic was scheduled Saturday at Nameoki Village Shopping Center, but due to excessive heat in the APA's temporary shelter there, those wishing to adopt a pet may do so by telephone, Marty Bridges, an APA spokesman said today.

Adoption calls may be made to any of three numbers between the hours of 10 a.m. and 4 p.m. Saturday. The numbers to call are 931-5654, 877-0833 and 797-0897.

Among the pets being offered to local families are two litters of puppies.

Music and puppets at local church

The Sunshine Company of Tulsa, Okla., will present a program of music, hand bells, singing, puppets and drama at 7 p.m. Friday at Tri-City Park Tabernacle, Maryville Road and Clark Avenue.

The group is from Evangelistic Temple in Tulsa and is under the leadership of Dick Taylor, minister of music. It has toured the past four summers from coast to coast.

They share their talents along with the Christian message through sight and sound.

Dr. Thurnace York, pastor, and Lonnie Manning, minister of music at Tri-City, are inviting everyone to enjoy the evening with the Sunshine Company.

Birth, deaths decline in area

A total of 44 births in the Quad-City area during June was a drop of 17 below 61 reported for the same month a year ago, while deaths, totaling 82 last month, were a decline of 11 below the 93 reported in June 1979.

According to a vital statistics report released by City Clerk Robert Stevens, there were two fetal deaths in June this year, compared to one in June 1979. The report brought to 335 the total number of births in the area during the first half of the year, compared to 357 during the same period last year. Deaths during the first half of the year total 253, down from 271 during the first half of 1979.

There have been three fetal deaths during the six-month period this year, up from two in the same period a year ago.

Easter Seal scholarship

Easter Seal Society of Southern Illinois has announced a college scholarship available to students in the society's 11-county service area. The scholarship, named to honor Tom Frye, former director of the society, will be made annually in the amount of \$500.

The scholarship will be awarded to an upper classman or graduate student whose career objectives are to work with physically handicapped persons. Fields of study may include speech therapy, physical therapy, occupational therapy and special education.

College students in Bond, Calhoun, Clinton, Greene, Jersey, Macoupin, Madison, Monroe, Montgomery, St. Clair and Washington counties may apply for the scholarship by contacting the Easter Seal Society, 756 Central Ave., Alton, (phone 462-3897) by July 15.

Academic honors received by seven

Seven Granite Cityans are among 2,900 who have just been named to the spring semester academic Deans' List at Southern Illinois University at Carbondale.

Deans' List citations go to students who compile grade point averages meeting high performance standards set by SIUC's various schools and colleges. The standards range from 3.25 to 3.75 on a scale of 4.0 (perfect).

A total of 952 on the spring list made "straight A's," including Gus Lignoul, 2448 Adams St.

Also on the Deans' List are Treva M. Dickerman; Andrew F. Hall, 2561 Edison Ave.; Leona E. Houser, 29 Bermuda Lane; Susan E. Kenyon; Floyd D. Peterson, 343 Willow; and Steven R. Sander, 2908 Madison Ave.

Collide on Niedringhaus

Two persons were injured when the autos of Joseph Valencia, 23, of 1701 Bremen Ave., Apt. 2, and Vicki Marler, 2088 Fourteenth St., collided at Niedringhaus and Edison avenues at 1:45 a.m. Wednesday.

Valencia suffered visible injuries, but did not seek immediate medical treatment.

Larry Lindsey, 18, of 2316 State St., a passenger in Vicki Marler's auto, suffered numerous abrasions and injuries to his face and he was taken by a Granite City ambulance to St. Elizabeth Medical Center where he was admitted.

ALPINE SIDEWALK SALE

The fifth annual Madison Alpine Sidewalk Sale Days, sponsored by the Madison Business Association (MBA), will be held Friday from 9 a.m. until 6 p.m. and on Saturday from 9 a.m. until 5 p.m. Many of the stores have items with as much as 50 percent off the regular price. Civic organizations will also have outside stands on the corner of Third Street and Madison Avenue.

Grassroots government

Venice Park Board 7:30 p.m. today, July 10, at 305 Broadway.

Pontoon Village Board 9 a.m. Saturday, July 12, at Village Hall.

Tri-City Park Board 6:30 p.m. Monday, July 14, at 2801 Rock Road.

Chouteau Town Board 7 p.m. Monday, July 14, at 697 North Thorgate Drive.

Nameoki Town Board 7 p.m. Monday, July 14, at 4250 Highway 162.

Annual Red Cross dinner

With Southern Illinois University Chancellor Kenneth A. Shaw as guest speaker, the Tri-City Chapter of the American National Red Cross will hold its annual meeting tomorrow at 7 p.m.

Dr. Shaw is a native of Granite City and spent his school years in Edwardsville.

The dinner will take place at the Granite City Township Building. Officers will be chosen for 1980-81 and reports will be given on the past year's services in water safety, blood, military personnel, disaster and other Red Cross programs. Jack Mulach is chairman of the chapter.

Arrest girl, 13, after struggle

A 13-year-old Belleville girl was charged with three counts of battery and one count of theft after she allegedly struggled with a police officer and officials of the A & P Food Store, 2016 Madison Ave., in the parking lot of the store at 3:30 p.m. Monday.

Two employees alleged that she stole something from the store and when they tried to stop her in the parking lot, she used an obscenity toward them and tried to walk away. When they tried to grab her, she allegedly kicked Mike Ashby in the upper thigh, and bit Randy Teller's left arm.

Police arrived and the girl allegedly kicked Patrolman Jeff Parker in the face while he was putting her in a squad car.

At the police station, the girl allegedly refused to give police her name or cooperate with the booking procedure, so she was lodged in a juvenile cell under the name "Jane Doe." Officers later learned her true identity.

She faces possible juvenile court action in connection with the incident.

Reorganize GC legal staff

The Granite City Council has approved salaries for the city legal staff, which was changed when former City Attorney, Lance Callie resigned and John Papa was selected to fill his position.

Papa Jr. to receive \$18,228 annually for routine work as city attorney.

Robert P. Hennessey was appointed board attorney at an annual salary of \$4,200. Casper Nighobosian was affirmed as prosecuting attorney at \$9,250 yearly and a salary to Irvin C. Slate Jr., assistant city attorney, of \$14,000 a year was approved.

Slate was congratulated by the council for preparing resolutions calling for the demolition of one structure in the 2000 block of Grand Avenue and one in the 2400 block of Bromley Avenue, both within his first week of reappointment, as an assistant city attorney. "I'm excited to death with Mr. Slate," Alderman Paul Fisk of the Third Ward commented, adding, "He's on the ball."

City Inspector Emerald Daves said the city will be "ready with a bulldozer," as soon as the legal paperwork is completed and Mayor Paul Schuler added, "We

have been assured these structures will be down within 90 days."

In other business, the council accepted the sole bid from R. Deon Electrical Co. of \$95,114 to install traffic lights at 311 Avenue and Nameoki Road. Of the total, a federal grant will pay \$27,500. The city will pay the remaining \$67,614, plus about \$20,000 to \$30,000 to relocate the entrances to Granite City High School South and Coolidge Junior High School in conjunction with the new signal lights.

The city had appropriated about \$50,000 in motor fuel tax funds for its share of the signal lights and school entrance relocations.

Alderman Sam Whitmer of the Second Ward objected to a \$99 bill from an accounting firm which helped the city treasurer's office set up its new ambulance billing procedures. Whitmer said the council never gave its approval to hiring the firm

and said the recommendations offered by the firm were "common sense." The things they should have known, Whitmer said.

The council agreed to pay the bill, but gave a warning that city officials should not contract for outside work without prior council approval.

Responding to a June 30 Press-Record article that poor attendance has made it difficult to hold Plan Commission and Board of Appeals meetings and has delayed many persons planning construction projects, Alderman Mac Warfield of the Sixth Ward asked Mayor Schuler to poll members of those two boards and determine if they wish to continue to serve.

"If not, let's get some new people in there," Warfield responded, "I think that's a good idea."

Murder charged in camp shooting

Condi E. "Connie" Walters, 31, who resides at the KOA Campground on West Chain of Rocks Road in Mitchell, was charged with murder and involuntary manslaughter Monday in connection with the fatal shooting last Friday of Mark W. Tatro, 29, Gilbertville, Mass., at the campground.

Witnesses told Madison County sheriff's deputies that Mr. Tatro had hitchhiked from the New York-Colorado border to Alton, enroute to Colorado to try to get a construction job at a nuclear power plant.

At Alton, Mr. Tatro and a traveling companion met Earl Daniels Jr., who resides at the KOA Campground and Daniels recommended that they stay at the campground.

A short time after they arrived, a fight developed between Mr. Tatro and Walters, who had been drinking.

Walters left the gathering, but allegedly returned moments later with a gun and ordered everyone except Mr. Tatro to move away. Three men and a woman ran away, and two shots were fired, killing Mr. Tatro.

When deputies arrived, Walters had left the campground and could not be located. He surrendered to police several hours later and was held during the weekend in the Madison County Jail. The charges were filed by the Madison County state's attorney's office Monday.

Man charged in beating

The finalization of a divorce Monday is believed to have been a factor in an incident in which the ex-husband allegedly beat his wife severely that day, police were told.

Melody Collins (formerly Melody Timmons), 22, of 2309 Delmar Ave., suffered a skull fracture and broken nose and wrist when she was beaten in her home at 6:15 p.m. Monday.

Police were called to the house and were told by Richard Ragsdale, 2311 Delmar Ave., that a man had struck his left arm with a two and one-half inch long pipe and had then taken Mrs. Collins inside the house where the man allegedly was beating her.

Ragsdale said that the dissolution of marriage between Timmons and Mrs. Collins became final Monday and Timmons came to Mrs. Collins' home, kicked open the front door and accused her of seeing another man. He then allegedly struck Ragsdale with the pipe and then took Mrs. Collins inside.

Officers knocked on the door and said Terry R. Timmons, 26, of 3800 Pontoon Road, answered the door, yelled obscenities at the police and then locked the door. Officers looked through a window and alleged they saw Timmons pushing his ex-wife around.

The police were about to break into the home when Mrs. Collins managed to break free and she ran to the door and unlocked it. Officers entered and informed Timmons he was under arrest, it was reported.

Timmons allegedly resisted attempts to arrest or handcuff him and struck Patrolmen Jeff Parkey and Kenneth Crawford. The officers used force to subdue Timmons and handcuff him. During the scuffle, Crawford suffered a bump to his head and Parker twisted his right knee, they said.

Mrs. Crawford was admitted to St. Elizabeth Medical Center with multiple injuries. Ragsdale was treated for pain to his right shoulder and was released after X-rays were taken.

Timmons was charged with one felony count of aggravated battery and with state charges of criminal damage to property, resisting arrest and two counts of battery. He also was taken to St. Elizabeth Medical Center where he was treated for a one-inch cut to the back of his head and pain to his neck and right shoulder. He was treated, X-rayed and released to police custody.

New layoffs

(Continued from Page 1)

on the brink of a long and serious economic depression, particularly if new down-sized American-made autos for the 1981 model year, and a big sales resurgence this fall.

Calling on Americans to both oppose inflation and consider buying U.S.-produced cars this year, Frank Spinner said the auto and housing fields are crucial if there is to be an early recovery from the 1980 recession.

Chairman and chief executive officer of T.G. Bancshares Co. and of the Tower Grove Bank and Trust Co., Spinner linked the hopscotch car and construction recoveries and the widespread desire for a reduction in unemployment, but stressed that inflation remains the chief domestic threat to the nation.

When interest rates climbed to 20 percent this year, the Federal Reserve Board acted to curb credit and cut the money supply, and created a "premeditated, instant recession," the speaker said, noting that it precipitated a steep drop in consumer purchases and related production orders.

The Federal Reserve then appeared to back off from its resolute stance, due to fright that a full-fledged depression might result—an unintended con-

sequence of its action—he told the club. But the Federal Reserve is likely to resume its anti-inflation efforts this year and needs the backing of all citizens in achieving such a goal, the speaker added.

He described the correct approach as allowing interest rates to fluctuate, directly controlling them by controlling inflation. But failure to halt the inflationary spiral could lead to interest as high as 30 percent within several years, he emphasized.

Spinner said the 1980-81 federal budget cannot be kept in balance because the U.S. government, like businesses, is infected by economic expansion and recession. However, it is vital to put a lid on government spending, he said.

Some people say that South American countries have shown they can survive with rampant inflation, but no nation with a large economy in the middle class has ever been able to do so, the Rotarians were told.

As an example of why even a "moderate" level of inflation needs to be fought by families, groups, businesses and legislators, Spinner cited how home costs could increase a present

dollars by the turn of the century, he said.

He is less optimistic than some forecasters regarding the future volume of home building and sales; the demographics are right for a sharp up-trend in housing, but the prices may prevent many families from buying, instead prompting them to move in with their "in-laws," the club was told.

Although this year has brought the sharpest economic downturn since the depression began in 1929, Spinner said, the stock market can sustain itself if investors are able to detect at least two of three primary factors—low interest, low inflation and good corporate earnings.

Reviewing probabilities, he said there is a 25 percent chance of a "V" recession, with a relatively sharp and quick recovery; a 40 percent likelihood of a "W" (or "U" or "L" shaped) recession; and a 25 percent chance of a major economic depression.

Program chairman was A. H. Other, Rotarian and President George E. Moore Sr. presided and announced a club assembly for next Tuesday.

Traffic deaths

(Continued from Page 1)

number of persons injured in those accidents. The fatality figure in June brought the total to 14 for the first half of the year.

Statistically, traffic deaths include Quad-City residents who die in traffic mishaps occurring in this area and elsewhere. Accidents are those in which injuries occur and do not include property-damage mishaps.

The 179 injury accidents during the

six-month period compare to 283 such accidents during the six-month period last year, while the 268 injuries this year compare to 374 during the same period last year.

The largest number of fatalities during the six-month period occurred in January when five persons died in traffic accidents, followed by four deaths in April, two in May and three last month. There were no fatalities

8 hurt

(Continued from Page 1)

and suffered numerous fractures, and a passenger, Tina Webb, 15, of Rural Route One, Box 419, who suffered multiple injuries.

Also injured in that crash was Kenneth Cook, 33, Edwardsville, who was driving an auto. Cook suffered cuts to his chin and left eye. All three were admitted to the medical center.

Troopers said Dolosie's vehicle, with three passengers, was northbound and slowed for a left turn when an auto struck it from behind.

Police also were called to what was

reported as a motorcycle-auto crash on Maryville Road at O'Hare Avenue at 11:29 p.m. Tuesday, but when officers arrived, they were unable to find any accident, it was reported.

At 11:49 p.m. state troopers responded to an accident on Maryville Road, two-tenths of a mile north of Route 162, where Edwin Tapp Jr. of Granite City lost control of his southbound motorcycle in loose gravel by the medical center to St. Mary's Hospital in Clayton, Mo. State police reports on the incident were unavailable today.

'The family'

(Continued from Page 1)

Included in the program will be rare motion picture footage of the 1940 Warriors in action, along with a portion of the gigantic welcome the team received upon its return to Granite City.

After the special program, there will be dancing to the music of Johnny Karoly's Big Band All-Stars.

Tickets for the dinner dance are priced at \$10 per person and are still available by calling Yasil

Etimofo at 877-734 or Andy "Huggy" Hagopian at 452-2155.

Sunday, there will be a motorcycle parade from Granite City High School South to the Lincoln Place Festival. Motorcyclists will follow the route taken in 1940 from the high school to Lincoln Place when the Warriors returned from the state tournament in Champaign.

At the festival site in Lincoln Place, there will be various kinds

of ethnic foods, booths and dancing. From 5 p.m. until 10 p.m., there will be dancing to the music of Mariano Ramos.

Jake Varadian is serving as chairman of the reunion and has worked on the project with 17 Quad-City residents are being invited to take part in the festivities.

NOTE: The final in a series of special feature articles on the 1940 state championships appears in today's Sports Section.

County sewer

(Continued from Page 1)

ready for the county to officially accept about Sept. 1, he said.

It will be announced in the Press-Record when residents may pick up drawings of where their homes are to tap onto the sewer lines, and it then will be up to each resident to install a proper sewer line from his home to the sewer.

A permit will be required before any home can tap onto the sewer. The \$25 permit fee will cover the cost of inspecting the residential sewer and the tap-on. There will be no tap-on fee or other fee relating to the installation, Whitsett pledged.

The mobile home which the sewer district plans to use as an office is to be picked up from the county Sunday and will be refurbished before it is put on the district's property east of Route 111, near Pontoon Road. It will take about one week to refurbish and then will be placed on the lot and opened to the public, Whitsett said.

At that time, a superintendent will be available to help residents in preparing to put in their home sewers. Anyone

connecting their home sewer to the new sanitary sewers before obtaining a permit probably will be required to do the connection, disconnect it and face a possible fine, Whitsett said.

However, it would be a good idea for homeowners to begin shopping for their sewer pipe now. The county will require that six-inch PVC pipe, rated SDR 35, be used if a homeowner uses plastic pipe. The pipe costs about \$1.50 per foot commercially, but neighborhoods have gotten together and purchased the pipe in bulk for as low as \$1.27 per foot.

The Mitchell Fire Department has been ordering pipe for some Mitchell residents at a special price, sewer committee member Morris Miles pointed out.

Another neighborhood drive is underway in the Tanktown area, where someone is putting notices on each door that the pipe can be purchased for \$1.27 per foot, if everyone participates and purchases in bulk.

Whitsett noted the residents also may

use cast iron or concrete pipe, if they have it available, but said plastic pipe is much less expensive and has proven to be durable.

The county also is recommending that everyone plan to put a separate cleanout pipe from the start of the sewer to ground level, in case the home sewer ever needs to be cleaned or flushed. However, the opening may not be below ground level, where it could be used for draining standing water from yards after rains, he explained.

Cleanout pipe should be put on a 45 degree angle to the direction of flow, he said.

For those unable to afford pipe at this time, the county will give them as much time as feasible to connect to the new sewers. "The ordinance requires everyone must hook into the new sewers 90 days after being given notice. That is the key, 'after being given notice.' We will try to hold that off, perhaps as much as a year," Whitsett said.

For further information, residents may contact Ruth Bunch at 345-7911 or toll free 1-800-642-3084.

Ed McGovern, chairman of this year's car wash, said vans, pickup trucks and vehicles will be welcomed and will be washed for the same \$2.50 donation as automobiles.

Caucus on city budget lively

By GARY SCHNEIDER

of the Press-Record

Granite City aldermen met in executive session last night to study a budget proposal for the 1980-81 fiscal year, which began May 1, but very little progress on actual budget cuts was made, sources indicated this morning.

Nolan said he feels the financial problems of the city can be solved, based on the figures he has received. "I have used my best estimated figures, using the governor's office, Washington, D.C., and actual money the city receives. I feel these are good, conservative revenue estimates," Nolan told the Press-Record this morning.

He said he proposes using \$380,000 from revenue sharing for salaries and predicted that there would be sufficient funds left for capital improvements.

"Word I have currently from Washington is that municipalities will receive at least the same amount this fiscal year as they received in the past entitlement

that will be sufficient, since city employees received an eight percent raise and a total of \$380,000 in revenue sharing had to be used for salaries last year, before the raises went into effect.

The finance committee also is concerned that there will be no money for police cars, street repairs, new equipment or other capital improvements, if most of the revenue sharing is devoted to salaries.

Nolan said he feels the financial problems of the city can be solved, based on the figures he has received. "I have used my best estimated figures, using the governor's office, Washington, D.C., and actual money the city receives. I feel these are good, conservative revenue estimates," Nolan told the Press-Record this morning.

He said he proposes using \$380,000 from revenue sharing for salaries and predicted that there would be sufficient funds left for capital improvements.

"Word I have currently from Washington is that municipalities will receive at least the same amount this fiscal year as they received in the past entitlement

program," he said. He estimates revenue sharing during the year to total \$467,000.

Overall, Nolan's estimates of the city income for all funds is about one-half million dollars higher than the figures being offered by City Treasurer Nick Petrillo, Bower said.

At the last city council meeting July 1, Mayor Schulz promised to have a workable tentative budget in the council's hands by the July 15 meeting date. Nolan said the tentative budget he gave the aldermen last night is the one the mayor promised and he urged the aldermen to study it and make cuts, where possible.

Schulz, who is on vacation this week, said he was against having a caucus before the July 15 council meeting, but Bower, who is chairman of the council's finance committee, sent out the meeting notices Friday.

Alderman Sam Whitmer of the Second Ward was upset over the meeting notices and said it is not in the council's charter to have one alderman call for a meeting, the Press-Record was told.

Bower said it has been common practice for chairmen of committees to ask aldermen to meet to discuss issues and asked Whitmer was among those at the July 1 council meeting who said he felt there should be a caucus to discuss the budget.

Bowler summarized, "Quite a bit was done at the caucus and I feel we made the aldermen more aware that, according to some figures, there is going to be a problem. According to other figures, there isn't. At least they are aware they are going to have to weigh for capital improvements. It will be up to the council to decide," Bower said.

Nolan said he feels the city progress made at the meeting was that the aldermen received copies of his tentative budget for study, which they would have received this week anyway.

"I asked council members to study the proposal, call it where possible, then we will discuss it some more," Nolan concluded.

The city must pass its 1980-81 fiscal year budget by July 31.

A.O. SMITH CORP.-GRANITE CITY PLANT

1980 CONTRACT PROPOSALS

UNITED AUTO WORKERS - LOCAL 1715

July 8, 1980

TO: Members of Local 1715, United Auto Workers and Citizens of the Quad-City Area.

A. O. Smith Corp. has indicated in letters to our membership that Local 1715 Bargaining Committee is being unreasonable in its contract dispute with A. O. Smith Corp. Listed herewith are the wages and major proposals Local 1715 has agreed to accept compared to the

wages and proposals that are currently being considered by the Milwaukee Union at A. O. Smith Corp., Milwaukee, Wisconsin. **Both Granite City and the Milwaukee plant are in the same business and both work for A. O. Smith Corp. YOU BE THE JUDGE! Do you think Local 1715 is being unfair when they refuse to take so much less than the Milwaukee employees when they both work for the same Company?**

LOCAL 1715 BARGAINING COMMITTEE

July 1, 1980

ECONOMIC PROPOSAL				
U.A.W.				
WAGES - Retroactive to 02-15-80	1st	2nd	3rd	Total
	4 3/4%	3 3/4%	3 3/4%	\$1.00

Maintenance Allowance - To all maintenance A, B, C, and Temporary and Inspector-General classifications - \$10 - 1st yr., \$10 - 2nd yr., \$10 - 3rd yr. (This includes all classifications listed in Exhibit "a" Maintenance Group)

Cost of Living - Factor \$1.45 into base rates with \$8.05 float. Follow new schedule pattern as per Milwaukee agreement (.30) - March 1, 1980 first payment, retroactive to 01-01-80 - second payment 06-01-80. Company may have option of following schedule pattern per past agreement and add 25¢ to wages or follow schedule pattern per past agreement and apply money saved towards 30 and out. (see 30 & out below)

Holiday One (1) new holiday to be added starting 1st year. Union to choose which day.

Personal Days - Three (3) new personal days to be added starting 1st year. Request procedure from 5 days to 2 days.

Shift Premium - Increase to 24¢ second shift; 26¢ third shift (retroactive to 02-15-80).

Meal Allowance - \$2.90 - 1st yr., \$3.10 - 2nd yr., \$3.30 - 3rd yr.

Employee Security Plan - Increase weekly withdrawal to \$60 per week. (retroactive to 02-15-80).

Christmas Shutdown Days (non-recurring)

1980	December 25, 29, 30
1981	December 28, 29, 30
1982	December 28, 29, 30

Improved Life Insurance - The present amount of life insurance of \$15,000 is to be increased to \$25,000.

Improved Transition Survivor Income Insurance - The present survivor income benefit of \$125 per month for up to 24 months is to be increased to \$250 per month in the first year of the agreement, \$175 in the second year, and \$200 in the third year.

New Bridge Survivor Income Benefit

The bridge survivor income benefit will be \$150 per month in the first year of the agreement, \$175 in the second year, and \$200 in the third year. The duration shall be 24 years of age at the time of the death of the employee.

Improved accidental death and dismemberment insurance - The present amount of accidental death and dismemberment insurance of \$15,000 is to be increased to \$25,000.

Improved Accident and Sickness Insurance - The present accident and sickness weekly benefit is to be increased to \$170 in the first year, \$175 in the second year, and \$180 in the third year.

Ancient and Sickness for pregnancy as required by law.

Improved Hospital Expense Insurance - Intensive Care Unit and Cardiac Care Unit which are presently covered at the level of semi-private room rate are to be covered in full up to reasonable and customary charges.

Improved Surgical Expense Insurance - The present \$5000 maximum surgical benefit is to be increased to \$6500.

Improved Major Medical Expense Insurance - The present maximum benefit payable during an insured's lifetime is \$20,000. This benefit is to be increased to \$35,000.

The present \$2000 annual reinstatement feature of the major medical plan is to be increased to \$2500 per year.

Improved Doctor Expense - Pay 100% of Doctors fee

Separate Insurance from Retirement Option - Employee may still have full insurance coverage for dependents upon death after retirement, even though he did not take retirement option for dependents.

Physical Examination after absence from work for 30 days or more - Employees will not be required to take physical examinations unless absent for 30 consecutive days or more. If such employee is found to be disabled to the extent that he cannot perform any of the usual and customary duties of his occupation he will be eligible for full SBA and disability benefits.

Employees returning from leave - Employees returning from leave and cannot return to work due to illness or injury will be eligible for full SBA and disability benefits.

New Prescription Drug Card Plan

A plastic "credit" card will be issued which will allow an employee to purchase prescription drugs from participating pharmacies by having a \$5.00 deductible on each prescription. It will not cover non-prescribed patent, or proprietary medicine or medication not requiring a prescription (except insulin), non-sensitive medication or devices, or any therapeutic device or appliance, and experimental drugs. It will not provide reimbursement for more than a 100-day supply of medication or for any resale dispensing after one year from the physician's order. The only items covered are prescription legend drugs for which a prescription is required under Federal or State law.

The Special Services Benefit shall not exceed that portion of the maximum amount available under the Hospital Expense Insurance for other than board and room charges, that remained unused when the preceding hospital confinement ended.

If you (or your dependent) are insured under the policy for In-Hospital Medical Expense Insurance, that coverage shall apply to charges for medical treatment by a physician during confinement in the extended care facility, as though such confinement was a continuation of the preceding hospital confinement.

If prior to recovery you (or your dependent) become hospital confined again for the same or related cause, and, in your own case, not returning to work and completing a full day of active service, the maximum and rate of benefits otherwise available during that hospital confinement shall be read at the benefits which became payable during confinement in the extended care facility.

PERIOD OF DISABILITY

"One continuous period of disability" includes successive periods of confinement in an extended care facility separated by 15 days or less. If periods are separated by more than 15 days, each period must qualify separately as set forth under "How Benefits Become Payable" in order for benefits to be available.

EXCLUSIONS

No benefits are payable for charges for or in connection with the following:

1. Custodial care.
2. Surgical procedure or medical treatment primarily for beautification.
3. Any item received under the circumstances described under GENERAL EXCLUSIONS in this Certificate.

EXTENSION OF BENEFITS

If you (or your dependent) are wholly disabled as a result of a nonoccupational injury or nonoccupational disease on the date the insurance under this coverage is terminated, and if confinement in an extended care facility as a result of a nonoccupational injury or a nonoccupational disease commences as described above and within three (3) months of the date of termination and during the continuance of the same disability, the same benefit shall be payable that would have been payable if the confinement commenced while insured.

EXTENDED CARE FACILITY EXCESS INSURANCE

(For Employees and Dependents)

HOW BENEFITS BECOME PAYABLE

1. You (or your dependent), while insured under this coverage, become confined in an extended care facility by means of direct transfer from a hospital following a confinement of at least three (3) consecutive days; and
2. the confinement was for continued care of the same nonoccupational injury or nonoccupational disease which resulted in the preceding hospital confinement, and commenced before the maximum board and room benefit under the Hospital Expense Insurance became payable.

HOW MUCH IS PAYABLE

The benefits payable by the John Hancock for each day of confinement shall be equal to the reasonable and customary charges for the following:

A. Board and Room Benefits

Charges for board and room but not more than 50% of the Maximum Daily Board and Room Rate shown in the Schedule for Hospital Expense Insurance, but no benefit is payable:

1. after the 60th day in a continuous period of disability, or
2. after the total benefit payable in a continuous period of disability equals that portion of the maximum board and room benefit under the Hospital Expense Insurance that remained unused when the preceding hospital confinement ended, whichever first occurs.

B. Special Services Benefit

Charges for the following services and supplies, when furnished during confinement in the extended care facility, on days for which board and room benefits are payable under "A" above:

1. routine nursing care (but not private-duty nurse or attendant);
2. physical, occupational, and speech therapy;

3. medical social service;
4. biologicals, supplies, appliances and equipment ordinarily provided by the facility for care of inpatients;
5. diagnostic and therapeutic services furnished to facility patients by a hospital;
6. local use of substance between hospital and extended care facility;
7. other necessary services generally provided to patients by the facility.

Improved Dental Expense Insurance

A new benefit will provide for orthodontic coverage where 50% is paid by the employee after satisfying a \$50.00 deductible. There is a maximum lifetime benefit of \$750 per individual. Orthodontia applies only to dependent children under age 19. This benefit will be added in the second year of the Agreement.

The term "orthodontic treatment" means preventive and corrective treatment of all those dental irregularities which result from the anomalous growth and development of dentition and its related anatomical structures or as a result of accidental injury and which require repositioning (except for preventive treatment) of teeth to establish normal occlusion.

PENSION PLAN

Improved Basic Benefits - The present \$11.00 unit of benefit is to be increased to \$13.00 in the first year, \$14.00 in the second year, and \$15.00 in the third year for employees retiring under normal, special, early, or disability retirement. This improved unit of benefit applies to both past and future credits service.

Improved Early Retirement Supplement

The supplemental benefit which is now at \$650 for retirement prior to Social Security eligibility will be increased to \$775 for 1980 and \$800 and \$825 for the second and third years.

Improved Additional Benefit

The additional benefit to supplement the cost of Medicare will be increased from \$7.20 to the full cost.

Improved Credited hours - reduce hours for years credited service to 1250 hours.

Employee on disability gets full credit towards pension.

Improved Basic Benefit for terminated employees - Employees who quit or have been terminated for any reason to receive full basic pension benefit.

Improved 30 and Out - If you have 30 or more years of Credited Service, you may retire at any time regardless of your age, with a benefit computed as though you were eligible for Normal Retirement Benefits. All forms of payment are available immediately at retirement. Employees who have 30 or more years of service (seniority) but less than 30 years of credited service, may retire at any time regardless of age, however benefits will be computed based on credited service.

Improved Early Retirement - You may elect an early retirement as soon as you are 55 with no reduction in monthly pension, if you have at least ten (10) years of vesting service.

Vacation Scheduling Period - Vacation scheduling period for all employees will be 12 months.

Workmans Compensation Claims - The Company will sit aside one day out of each week to meet with the President of Local 1715 (or designee), and employees with workmans compensation claims in an effort to reach a fair and equitable settlement on these claims.

Hearing Aid Program for Employees

The Company will establish a hearing aid program for employees, completely paid by company whereas an employee would be eligible for an audiometric examination, hearing aid evaluation test and hearing aid each thirty - six (36) month period. In a case where an employee has deafness in both ears he would be eligible for a second audiometric examination, hearing aid evaluation test and hearing aid in the same thirty - six (36) month period. Any repair cost to hearing aids to be covered in full.

Benefits for Employees working past age 65

Employees who continue to work past age 65 to continue to earn credits toward pension and be eligible for all other benefits the same as employees under age 65, (where not prohibited by law)

National Health Bill - If a national health bill is passed by the Federal government, we want the Company to pay or be included in our total. Roll up will be put on our wages.

- G-410 — Production Mechanic (Dept. 1406) to be paid off the high line instead of average of machines.
- Increase Dept. 1725 line to plant average percentage of yield earning opportunity.
- Dept. 1728 — All delays greater than one (1) hour to be paid at developmental rate.
- Crane 25 (services Dept. 1727 and 1727) — Change hourly pay scale to incentive pay.
- Dept. 2055 (transportation) — Increase percentage rate from 7% to 10%.
- Cycle control portion of work cycle to be calculated at plant average.
- Including all weld time standards plus Weld Job Standards to be plugged on all rates (new or existing rates).
- Delays in excess of one-half (0.5) hour to be paid at personal average.
- All incentive rates applied to jobs shall reflect the established earning opportunity level of the group of employees to whom the rates apply.
- Negotiate a fifty-one (51) minute hour.
- Developmental rate to equal plant average.
- CLARIFY multiple machine language.
- Productive increase of 3% per year for all incentive workers 100% on yield.
- All presses with Brake Monitoring Devices to be calculated or recalculated for Hold Button Time using 60% of the Press Time plus 30% Reaction Time.
- Special Transportation Incentive Committee to be established to investigate, consider, and decide all requests for jobs to be designated as incentive which are now hourly.
- Committee to be composed of the Grievance Committee and the Area Steward from the Area General Supervisor from the Area, and the Area Supervisor.
- CLARIFY duties of Utility and Repairman.

SHOP INSURANCE

- G-124 Garage Mechanic — Parity with other 19806 "Skilled Trades" classifications.
- G-14 Inspector, Class "B" — Dept. 8078 (\$7.89), sixty-five cents (65¢) hourly increase and change classification to "Process Control" employee.
- G-193 Steel Metal Worker "A" (\$9.09), twenty-three cents (23¢) hourly increase.
- Skilled Trades Adjustment.
- G-146 Heavy Repairman to be placed back into the "Skilled Classification Group" and entitled to "Skilled Trades Adjustment".

CERLICAL INQUIRIES

- G-212 Timekeeper (\$7.73), fourteen cent (14¢) hourly increase.
- G-313 Production Clerk-Senior (\$7.87), thirty-seven cent (37¢) hourly increase. Include Dept. 8052 "red-circled" employee.
- G-318 Shipping & Receiving Clerk, Senior — Dept. 1758 (\$7.87), thirty-seven cent (37¢) hourly increase.
- G-317 Shop Clerk, Senior — Dept. 1758 (\$7.87), fifty cent (50¢) hourly increase, and change classification to Typographer I.
- G-385 Forms Composition Clerk, Intermediate (\$7.19), twenty-five cent (25¢) hourly increase, and change classification to Typographer I.
- G-408 Forms Composition Clerk, Senior (\$7.87), thirty-five cent (35¢) hourly increase, and change classification to Typographer I.
- G-400 Photographer, Graphic (\$8.18), twenty-five cent (25¢) hourly increase.

CONTRACT LANGUAGE

- Hours of Work and Overtime.
 - Lost wages to be paid in case of overtime bypass.
 - No overtime to be scheduled while people are laid off without prior approval of the Union.
- Article VII — Seniority
 - CLARIFY "job assignment" by seniority (ARTICLE VII-D, Seniority Application).
 - Job openings to be filled in seniority order by automatically referring to the Transfer Request List and the Recall List as defined in ARTICLE VII, 5.2 (c).
 - Change language of ARTICLE VII — K to read:
For the Union: The President of the Union and a member of the Grievance Committee. The Chairman of the Grievance Committee may attend these meetings.
 - Alter higher seniority employees to take voluntary layoff (inverse seniority).
 - Change Article VII, D-4.
 - Member of 19806 transferring to a management position not to be allowed to return to bargaining unit after lapse of one (1) year.
 - Members of 19806 presently in a management position to be given one (1) year to decide whether they wish to return to the bargaining unit.
 - 19806 members to be allowed to "bump" into Security Guard classification.
 - Security Guards to be allowed to exercise shift preference, seniority permitting.
 - Company to provide Grievance Committee with information used in job creation, combination, or elimination prior to implementation (Art. VII, A18).
 - Allow language to provide leaves of absence for employees who run for and serve in a public office.

ARTICLE VII — Patents and Inventions

- Delete this section of the contract in its entirety.

ARTICLE IX — Grievance Adjustment

- Two (2) year "wash-out" of disciplinary action on employee's record issued under Company rules.
- Right to Strike.
- Union to have right to waive steps of grievance procedure and advance issues it deems critical directly to arbitration.
- Delete paragraph on Page 89 of the Contract which reads: "A grievance not appealed ——— and substitute the following language:
"The Union dropping any specific grievance short of arbitration will be deemed to be without prejudice to any other grievance unless the Company and the Union agree otherwise in writing."
- Company to provide Union representation prior to action being taken of suspending, discharging, etc. Union representative and employee involved to be given time to confer and file a grievance prior to the employee being escorted from the plant.
- Company to inform union promptly of change in status of identity of supervisor's appropriate superior.
- Grievance Committee to render final decision in dispute regarding representation by a Union Steward.

ARTICLE X — Wage

- Employee reclassifying to enter classification at same wage level in rate range as that achieved in present classification — not to exceed top of rate range.
- CLARIFY Article X, B-1, (Only workers normally working on the job may be time studied).
- Contract language to protect against wage and price freezes.
- Amend Dept. 1728 and Division 50, G-124 Die Setters Letters of Understanding to exclude jobs paid at developmental rate.

ARTICLE XI — Management Personnel

- Company to pay employees affected eight (8) hours weekly for each day a supervisor works the job.

EXHIBIT "B"

- CLARIFY Sheet Metal Workers (classifications G-193 — Sheet Metal A, G-194 — Sheet Metal B, and G-194 — Sheet Metal C).
- CLARIFY that all welding to be performed by employees working in jurisdiction of 19806.
- CLARIFICATION of G-124 Die Setters duties.

GROUP INSURANCE

- MAJOR MEDICAL
 - Eliminate the \$500 deductible, provide 100% coverage.
 - Raise the aggregate maximum to \$50,000.

May 18, 1980

OTHER HEALTH INSURANCE IMPROVEMENTS

- Complete VISION CARE for employee and dependent, age retiree and dependent.
- Improved Dental Plan
 - Eliminate \$50.00 deductible, provide full coverage.
 - Eliminate \$1,000 maximum (no limit to benefit amount).
 - Increase orthodontic coverage from \$750 maximum to \$2,000. All surgery connected with orthodontia to be covered at 80%.
 - Cover replacement of repair of orthodontic and prosthetic appliances.
 - Extend dental coverage one (1) year after layoff. Employees to have option to continue coverage after one (1) year by paying premium at Group Rate.
 - Eligibility same as basic insurance (first of month following date of hire).
 - Replacement of existing dentures — reduce time to two (2) years.
 - Provide a plaque control program.
 - Extend coverage to include any dental work which was started prior to expiration of normal benefit.
 - Eliminate the following exclusion: "Services or supplies which are not necessary according to accepted standards of dental practice."
 - Provide DENTACARE prepaid Group Dental Plan.
- Hearing Aids — 100% coverage, including maintenance and repair (for employee and dependents, and retiree and dependents).
- Include repair and maintenance in coverage of braces, dentures, etc.
- LIFE A.D. & S. INSURANCE
 - Life Insurance increased to \$40,000 — no reduction of retiree.
 - Dependent Group Life Insurance (\$5,000 for spouse and \$2,000 for each dependent child).
 - Employee to have option of retaining or converting Life Insurance coverage payable at Group Rate.
- SURVIVOR INCOME INSURANCE
 - Increase transition benefit from \$200 to \$350 per month.
 - Increase Bridge Benefit from \$200 to \$350 per month.
 - Change age requirement of surviving spouse from age 45 to a 55 point system (spouse's age plus employee's years of service to equal 55).
- GENERAL
 - Increase Weekly A & S Benefit
 - 80% of weekly wage (based on two groups — incentive workers average and non-incentive workers average).
 - A & S coverage to be 52 weeks with no Social Security offset.
 - Employees recalled or bumped into Union unable to return due to disability to receive equivalent of U.C. regardless of U.C. eligibility — not to exceed 52 weeks.
 - Employee disabled by doctor to be paid A & S for full day he/she misses work.

May 18, 1980

E. GENERAL (Cont.)

- Milwaukee Medical Plan to be an option to John Hancock and COMPCARE coverage.
- Employee recalled or "bumped in" from layoff unable to return due to disability to have full insurance coverage.
- Successive periods of disability to be separated by one (1) week.
- Employee who becomes ill prior to effective date of an increase in insurance benefits and subsequently expires, his/her spouse to be eligible for the increased benefit.
- Company to pay premiums up to one (1) year for employees on layoff after which coverage may be continued by laid-off employee paying premiums at Group Rate.
- Company to provide full supplemental coverage to MEDICARE to equal benefits provided by the basic health insurance plan (after age 65 including Major Medical).
- Extend disability coverage from one (1) year to three (3) years for employees with less than 110 years of service and from two (2) years for employees with 110 or more years of seniority to duration of disability.
- Santitas (nervous and mental disorders) to be covered 100% while hospitalized and minimum daily board and room coverage increased from ninety (90) days to 365 days.
- Increase surgical option and medical expense insurance from \$7,500 to \$15,000.
- Increase laboratory and x-ray expense insurance from \$300 to \$750.
- Raise psychiatric outpatient treatment from \$500 to \$1,000, and the maximum coverage for better 150 consecutive months from \$3,000 to \$5,000.
- CLARIFY "Active at Work" provision in the last seniority clause.
- In the event the National or State Health Insurance Act is passed, negotiated benefits will be maintained and the Company will be required to pay any direct premiums or taxes which may be levied on workers for coverage under a National or State Health Insurance program. Company to place in effect any additional savings plan well negotiate with the Union any permissible disposal of such savings money.

PENSION IMPROVEMENTS

- PLAN I
 - Earnings based on five (5) last years (not necessarily consecutive) prior to January 1, 1983.
 - Remove earnings freeze (period prior to January 1, 1983).
 - Eliminate Social Security Offset (\$75.00).
 - 3% formula for calculating benefits to apply to 15 years of service (eliminate 35 year cut-off).
- PLAN II
 - Increase unit benefit (per month per year of credited service)

\$18.00 effective January 1, 1981
\$20.00 effective January 1, 1982
\$22.00 effective January 1, 1983
 - Reduce credited service requirement from 1,700 hours to 1,000 hours for all years on or after January 1, 1980. For fractional years reduce to 1,000 hours.

May 18, 1980

C. THIRTY (30) AND OUT

- Increase monthly benefit:

\$1,000 effective January 1, 1981
\$1,100 effective January 1, 1982
\$1,200 effective January 1, 1983
- Remove the excess earnings reduction in the supplement.
- Provide a temporary and lifetime supplement.
 - Temporary supplement to equal 50% of negotiated pension supplement, to be effective at the time retiree first becomes eligible for Social Security benefits.
 - Lifetime supplement to equal 50% of negotiated pension supplement, to become effective at the time retiree would be eligible for 100% Social Security benefit.

D. GENERAL PROVISIONS (ALL PLANS)

- Benefit Formula
 - Three (3) year pension plan with escalator clause.
 - Increase present thirty-five cent (35¢) adder to \$1.00 per year of service or fraction thereof for lifetime of retiree with no actuarial reduction.
 - Increase benefit levels for those already retired — \$1.00 per month, per year of service for each three (3) years of the pension credit.
 - Deferred vested monthly benefit to be monthly benefit in effect at time employee leaves Company.
 - All years of service to be credited regardless of breaks in service.
- Disability Pension
 - Disabled employee to be eligible for full retirement if eligible for Social Security Disability and no job is available to him at A. O. Smith Corporation.
 - Life time supplement to equal 50% of negotiated pension supplement, to become effective at the time retiree would be eligible for 100% Social Security benefit.
- Survivor Benefit
 - Retiree to receive 100% of pension (no actuarial reduction) until death, after which spouse to receive 75%.
 - Upon death of an active employee, spouse to receive 75% of amount of pension deceased was entitled to at time of death (no actuarial reduction).
 - Spouse of an employee who has acquired at least 25 years of service and who expires before the employee, shall be eligible for a survivor's pension based on ERISA standards, regardless of employee's age at time of death.
- Other
 - Reduce Early Retirement eligibility to age 55.
 - Union to have equal representation on Pension Review Committee.
 - Revised pension agreement to reflect normal retirement age to conform with law (presently age 70).
 - Retirement bonus equal to \$100 per year of credited service.
 - Company to pay the premium for retiree and dependent MEDICARE coverage, including any increases to that rate.
 - Eliminate Company's prerogative to indiscriminately terminate the Pension Plan.

Page 7

May 18, 1980

VACATIONS

- Thirteen (13) week sabbatical leave with pay every five (5) years starting with employee's fifteenth (15th) year of service.
- Vacation schedule to be revised as follows:

1 Year Seniority — 1 Week Vacation
2 Years Seniority — 2 Weeks Vacation
3 Years Seniority — 3 Weeks Vacation
4 Years Seniority — 4 Weeks Vacation
5 Years Seniority — 5 Weeks Vacation
6 Years Seniority — 6 Weeks Vacation
7 Years Seniority — 7 Weeks Vacation
8 Years Seniority — 8 Weeks Vacation
9 Years Seniority — 9 Weeks Vacation
10 Years Seniority — 10 Weeks Vacation
11 Years Seniority — 11 Weeks Vacation
12 Years Seniority — 12 Weeks Vacation
13 Years Seniority — 13 Weeks Vacation
14 Years Seniority — 14 Weeks Vacation
15 Years Seniority — 15 Weeks Vacation
16 Years Seniority — 16 Weeks Vacation
17 Years Seniority — 17 Weeks Vacation
18 Years Seniority — 18 Weeks Vacation
19 Years Seniority — 19 Weeks Vacation
20 Years Seniority — 20 Weeks Vacation
21 Years Seniority — 21 Weeks Vacation
22 Years Seniority — 22 Weeks Vacation
23 Years Seniority — 23 Weeks Vacation
24 Years Seniority — 24 Weeks Vacation
25 Years Seniority — 25 Weeks Vacation
- Employee to have option of scheduling one (1) week of vacation by days.
- Three Hundred Dollar (\$300) annual vacation bonus.
- Employee taking vacation during a week in which a holiday falls to receive additional day or off (with Holiday pay) instead of extra day.
- Employee working on vacation in July 4th week to have option of scheduling special vacation days to end of the calendar year (eliminate September cutoff).
- Five (5) additional Paid Personal Days per Year:
 - Eliminate two (2) day limit. Only notification to be a phone call prior to start of shift.
 - Eliminate supervisor's approval.
- Seven (7) paid Sick Days per Year.
 - Pay at hourly rate or average of two (2) previous weeks.
 - Notice requirement to be a phone call prior to start of shift.

HOLIDAYS

- Employee's Birthday to be a paid Holiday.
- Birthday falling on Saturday or Sunday to be observed previous Friday or following Monday as a paid Holiday.
- Birthday falling on another Holiday to be observed day before or day after as a paid Holiday.
- Dr. Martin Luther King's Birthday to be a paid Holiday.
- Two Week Christmas Shutdown — all days to be paid Holidays.

1980 — December 22, 1980 through January 2, 1981
1981 — December 21, 1981 through January 1, 1982
- Two Hundred Dollar (\$200) Christmas Bonus.
 - Retirees who have 500 Christmas hours in year they retire to receive the Christmas bonus.
 - All employees who are on the active payroll during the year to be paid for all Holidays and Special Vacation Days in that year.
- One (1) Paid Personal Holiday for each twenty-two (22) days employee works or is on the active payroll.

Page 8

WAGES

- 10% hourly wage increase across the board in each year of the contract.
- Cost of Living adjustment quarterly with no ceiling (1987 equals 100 — allowance to be paid 110 for each full .25 increase in the consumer price index (CPI) — Final quarterly increase to be paid on August 1st).
 - Increases charged to be based on the assumption as projected by the Wage Stabilization Board.
 - Present Cost of Living increases (\$1.90) to be added to base rate for the incentive worker to be paid on the 1st of the month.
- Increase Company E.S.P. Contribution to thirty cents (30¢) per hour.
 - Include Time Allowance in E.S.P. payment.
 - Laid-off or disabled employees allowed to withdraw as follows:
 - 1st year of contract — \$25.00 per day, maximum of \$125 per week (based on a five day work week).
 - 2nd year of contract — \$30.00 per day, maximum of \$150 per week (based on a five day work week).
 - Increase Christmas withdrawal to \$500 maximum.
- Company to notify employees of Christmas withdrawal.
- Eliminate merit increases and replace with progression increases — thirty (30), sixty (60), and ninety (90) days. Employees to reach top of rate range at ninety (90) days.
- Shift Premium.
 - Forty cents (40¢) for second (2nd) shift.
 - Forty-five cents (45¢) for third (3rd) shift.
 - Forty-five cents (45¢) for swing shift.
 - Premium to be applied to Holiday, Vacation, Personal Day, Funeral Leave, etc.
 - Pay to be based on Holiday wage employee was assigned to on day prior to day off.

FUNERAL LEAVE

- Add to list of relatives:
 - Brother-in-law.
 - Sister-in-law.
- Four (4) days bereavement pay — no strings attached includes eligibility while on vacation, personal days, holidays, weekends, etc.)

Page 9

OTHER

- Two (2) Year Contract
 - Recognize for any portion of contract ruled illegal.
 - "Favorite Nations Clause"
- Four (4) day shift
 - Eight (8) hours per day with 40 hours pay.
 - Pay Day to be on Thursday, the week following the week in which the wages are earned.
- All 19806 members to be on a straight 8 hour schedule with a twenty (20) minute paid lunch period.

First (1st) Shift — 7:00 A.M. to 3:00 P.M.
Second (2nd) Shift — 3:00 P.M. to 11:00 P.M.
Third (3rd) Shift — 11:00 P.M. to 7:00 A.M.
- Hours worked beyond midnight prior to a Holiday to be scheduled by voluntary overtime in Dept. 8081 and 8085.
- Arbitration.
 - All arbitration cases to be settled in negotiations.
 - Establish Multi Arbitration in tandem with present arbitration system.
 - Panel members to consist of: One (1) for the Company, One (1) for the Union, and One (1) from permanent Panel of Arbitrators.
- Chief Stewards added as Union Representatives.
- Add One (1) Grievance Committee member.
- Improve Union/Management Safety Agreement
 - Full Time Union Safety Man.
- Union to have the right to negotiate matters relating to Cafeteria and Vending Machines.
- Union to have the right to negotiate matters relating to Safety Shoes (supplies, prices, etc.)
- Company to work out a "hazardous and storm-still" emergency procedure.
- Company to provide Union with adequate number of contract books.
- Company to furnish Union with copies of weekly seniority tab runs (E001-E100RPS) — one (1) copy by clock number and one (1) copy in alphabetical order.
- Employee to have right to review his/her personnel file upon request.
- All negotiated benefits due deceased employee to be payable to employee's beneficiary.
- Company to discontinue harassing telephone calls.

May 18, 1980

Page 10

JOB SECURITY

- Severance Pay
 - To include present employees who have been on layoff for a period of two (2) years or more without being recalled.
- Company to give two (2) years advance notice in the case of:
 - Plant closing.
 - New Plant openings.
 - Relocations or technological changes that result in layoff.
- Transfer rights and preferential hiring with full seniority to new Plants making products similar to those made at existing Plants.
- All bargaining unit work transferred or relocated to be done by unionized employees.
- Labor Agreement to remain in effect in the event of Plant closing or relocation. In the event of a sale of the Plant, new owners to recognize existing contract.
- Company to assume cost for relocating and job training for displaced workers.
- Continuation of insurance benefits for a 24 month period for displaced workers.
- A member with 25 years of service who has been displaced to be eligible to retire at any age on full pension.
- No Sub-Contracting by Company while employees are on layoff.
- Amend "letter of intent" and place into contract:
 - Any work sub-contracted by Company to be done by union contractors.

"THE TRUTH SHALL PREVAIL"
YOU HAVE A RIGHT TO KNOW...

MULTI-HOUSE FIRE in the 800 block of Webster Street in West Madison Wednesday afternoon required three pumpers and a rescue truck from the Madison Fire Department and

back-up assistance of a pumper from the Venice volunteer department. A Madison fireman directs a stream of water on 802 Webster St. where the fire began. The blaze is under investigation.

(From West Photo)

Two Madison homes destroyed by flames

Two fires Wednesday kept three pumpers and a rescue truck of the Madison Fire Department and a pumper of the Venice Fire Department busy during most of the late afternoon and early evening.

A fire in the 800 block of Webster St. in West Madison where fire had engulfed one home and was spreading to another.

The fire, which began at 802 Webster St., is under investigation. It quickly spread to 804 Webster St. and eventually gutted both structures.

Also damaged was the neighboring house at 806 Webster St., which received smoke damage and a four-family apartment building at W. Second and Webster streets was also damaged by the blaze.

Venice firemen were called for assistance due to the extreme heat of the fire and the 100-degree-plus temperature which made fighting the fire extremely difficult.

At 6:08 p.m., as the Venice firemen prepared to return to their station, another house fire call was received by the Madison police.

Two pumpers of the Madison department and the Venice pumper responded to the call at 1914 Elizabeth St. The fire was contained to the ceiling of the living room of the home of Mrs. Katherine Rucinski. The fire was thought to have started in the attic area and is believed to have started due to an electrical short.

Damages to the home were estimated at \$1,000 to the structure and its contents.

New Salvation Army officers

Captains Donald and Barbara Salbury are the new officers in charge of the Salvation Army in Granite City.

The previous officers, Captains Elmer and Sandra Trapp, have reported to their new assignment in Hannibal, Mo.

This is the first week of duty here for the Salburys, who have a son, Scott, 18, and a daughter, Karla, 16. Capt. Donald Salbury said the most recent assignment for his family was at Milwaukee, Wis., where training was received for work with adult rehabilitation centers.

Previous places of service were Cadillac, Mich., two years; Evansville, Ind., four years; and Peru, Ind., four years, followed by a year in Milwaukee.

The Salvation Army here operates a large and relatively new community and activity center at 3097 E. 23rd St.

Religious services also are conducted at the local building, and outreach programs for the congregation include visits to Scott Air Force Base Hospital patients.

Capt. and Mrs. Trapp came here in June 1978 from Maplewood, Mo.

BULLET HITS HOUSE

A bullet was fired at the home of Dave McFarland, 2494 Johnson Road, between 9:15 a.m. and 12:30 p.m. Monday, penetrating the outside wall and an interior wall to a child's bedroom. It lodged in the doorway of the child's room.

Granite City Press-Record

Obituaries

Clem Baumgartner

Clem Baumgartner, 66, of 2028 rear Washington Ave., was found face down next to his bed about 8:45 p.m. Monday and he was pronounced dead by Madison County Deputy Coroner William Sternberg at 9 p.m. Monday. Death was believed to have been from natural causes. Friends said Mr. Baumgartner had been ill for more than one month, but refused to go to a hospital.

His friends said they saw him about 8 a.m. Monday and again urged him to go to a hospital for treatment, but he refused.

There were no signs of foul play and Sternberg said death appears to have been of natural causes. Arrangements are incomplete at Davis Funeral Home, 21st Street and Cleveland Boulevard, pending an investigation to find survivors.

Mrs. Zetta Collins

Mrs. Zetta Estelle (Cole) Collins, 68, of Norwood, Mo., a former long-time resident of Venice, died at her home July 4, after suffering an apparent heart attack.

She was born Feb. 26, 1912, in Herndon, Miss. Mrs. Collins had lived in Venice over 30 years before moving to Norwood, a suburb of St. Louis, in October 1965.

She formerly belonged to the Church of Christ on Logan Avenue, Venice, and was a member of Wagner Avenue Church of Christ, St. Louis.

Among the survivors are her husband, Charles Dudley Collins, Los Angeles, Calif.; three sons, Dudley L. Collins of Madison, George Collins, Collinsville and Joseph Collins, St. Louis; six daughters, Mrs. Thomas (Oral) Leonard, Mrs. Harold (Lois Ann) Wilson and Mrs. James (Becky) Mosby, all of Madison, Mrs. Turner

(Pay) Peimore of Chicago and Mrs. Maurine Garnett and Mrs. Betty Nash, both of St. Louis; five sisters, Marie Gray, Kizzie Collins, Callie Jones, Freddie Jackson and Lois Bacchus, all of Herndon, Miss.; three brothers, Lewis Cole, Quentin Cole and Lawrence Cole, all of Herndon; 39 grandchildren, 23 great-grandchildren and many nieces, nephews and other relatives.

Funeral services will be held at 12 noon Saturday, July 12, at Wagner Avenue Church of Christ, 6152 Wagner Ave., St. Louis. Burial will be in St. Peter Cemetery, St. Louis.

Friends may call after 1 p.m. Friday, July 11, at Officer Funeral Home, 2114 Missouri Ave., East St. Louis.

Word has been received here today of the death of Robert Madewell, a former resident of Granite City, who died following an auto accident Wednesday morning.

Mr. Madewell was believed to have been moving from the Alton area to Oklahoma when his vehicle was involved in an accident near Vinita in northeast Oklahoma.

Arrangements are pending at Mercer Mortuary, 1416 Niedringhaus Ave. Friends may call 876-4321 for details.

John Murphy Jr.
John J. Murphy Jr., 32, of 100 Briarhaven Drive, was found without signs of life, lying beside Route 3, about 400 feet north of St. Thomas Road, at 8:05 a.m. Wednesday, July 9.

He was pronounced dead at the scene at 8:45 a.m. Wednesday by Madison County Coroner Dick Misset.

It is believed Mr. Murphy's body was discovered by a truck driver, who was searching at the side of the highway for a claim. The Illinois State Police were notified through a CB report.

NURSE AWARD TO CATHERINE MESSINA
Catherine Joan Messina of Granite City received the Missouri Baptist Hospital nurse alumnae award for 1979 from the Missouri Baptist Hospital School of Nursing, St. Louis, during graduation ceremonies June 27, it was announced this week.

Miss Messina is the daughter of Mr. and Mrs. Jess Messina of Granite City.

St. Elizabeth Medical Center is cooperating with other area hospitals in an effort to recruit inactive nurses to help fill nearly 600 job openings for registered nurses in this metropolitan area. The SEMC employment office (798-3553) can be called to arrange for transportation to a nursing career fair Wednesday, July 16, from 11 a.m. to 5 p.m. at the P. M. S. Barr auditorium in Clayton.

Polystyrene sheeting installation, providing backing for plaster walls at the new Madison County jail, apparently did not follow specifications but may not be a problem, Architect Henry Gabriel says.

A \$16,000 supplemental appropriation will be sought to enable the Madison County government to maintain garage to continue operating through the end of the fiscal year.

Nov. 30, oil and utility cost rises have occurred along with an increase in the size of the auto fleet served.

Rain and lightning greeted motorists going to work today, but it has been predicted that the temperature may top the 101 degrees recorded Tuesday and the 102 reached yesterday.

Gov. James R. Thompson appointed Tuesday a new state public aid budget including a five percent cost-of-living increase for welfare recipients effective next January.

New unemployment estimates show a 9.7 percent rate in Madison County in mid-May, compared to 5.4 percent a year earlier.

The Illinois Public Aid Department will continue paying for most abortions for welfare recipients for the next two weeks but after July 26 will not pay for abortions except in cases where the woman's life is in danger or the pregnancy is due to rape or incest.

Air quality will be the topic of Jim Maloney, an Illinois Environmental Agency air pollution specialist, at the 7:30 p.m. Monday, July 14, meeting of the Plaza

Death was attributed to natural causes, although an investigation is continuing and an autopsy and inquest are pending.

Mr. Murphy was employed at WCK Radio, the ship-to-shore radio station, located near Chain of Rocks Road and the Chain of Rocks Canal levee.

It is believed he left work there about 9 p.m. Tuesday and may have been walking home when he became ill.

Mr. Murphy was born in Massachusetts. He had resided in Granite City about one year.

Among the survivors is a sister, Mrs. Karen Brown of North Andover, Mass. Arrangements are pending at Mercer Mortuary, 1416 Niedringhaus Ave. Friends may call 876-4321 for details.

William Turina
Word has been received here of the death in Indiana at 7 a.m. Sunday, July 6, of William J. "Jim" Turina, 58, formerly of the 1400 block of Madison Avenue.

Mr. Turina was in the process of moving from Granite City to Brownsburg, Ind., and was taken ill a few hours after reaching the home of a son, Larry Gannus, in Brownsburg.

Before retiring some years ago, he was employed as a clerk at Friedman Furniture and Hardware Store in Madison.

Mr. Turina had resided in Ironton, Ohio, and Huntington, W. Va. He was a member of the Hillawn Baptist Church in Huntington.

Among the survivors are his wife, Mrs. Helen Turina; a second son, Charles W. Harrison of Madison; his parents, Fred and Pearl Turina; four sisters; and 10 grandchildren.

Funeral services are being conducted at 2 p.m. today, July 10, at Rogers Funeral Home in Huntington, W. Va. Burial will be in Spurluck Cemetery, Wayne, W. Va.

News notes

July gardening includes watering

By CHRIS DOLL
Area Garden Adviser

Gardening in July means harvest time for many crops, care of all growing crops, and the planting of some fall vegetables. It is still a busy month for gardeners, and here are some of the expected happenings:

—Enjoy home-grown sweet corn. In general, the shorter the time interval from field to table, the better the flavor. Early-season varieties are good, but not as good as the mid-season varieties yet to come. Home gardeners have time to make another planting or two for fall harvest.

—Side-dress long-season crops with nitrogen (33-0-0 or other formulations) at the rate of one pound per 100 feet of row. Keep the fertilizer off the foliage. Irrigate or cultivate immediately following the treatment.

—Grapes grow vigorously in the hot, humid weather, and a heavy foliage cover favors rapid growth of diseases. Healthy plants

mean good fruit, so bi-weekly sprays of captan or ferbam should keep diseases in check. Add methoxychlor, sevin, or malathion for insect control at the same time.

—Cabbage is maturing and it will store in the garden for a week or two. Head splitting can be prevented by using a spade to cut roots on two sides of the plant. This reduces water uptake from rain or irrigation.

—Cabbage worms are most effectively controlled by using *Bacillus thuringiensis*, a non-toxic bacterial spray sold as Dipel and Thuricide. Use according to directions on the package.

—The second peach borer spray is due now. Mix carbaryl (Sevin) at 3 tablespoons per gallon and spray the trunks and crotches thoroughly.

—Tomatoes may show early blight and blossom-end rot. Early blight is when the lower leaves show spotting, turn yellow and drop off;

spray or dust with tomato fungicides. Blossom-end rot infections appear when ripening; mulching is the best control.

—Keep trees, plants and gardens watered as needed. Apply enough water to soak into the root zone, rather than very light waterings. Remember, an inch of water normally moistens six inches of soil, and it takes 0.6 gallon of water per square

foot to equal an inch of rain. —Cucumber vine with this year is generally from bacterial wilt. This disease is carried in the bodies of cucumber beetles and the plants are inoculated when the beetles feed on the cucumber plants. Kill the beetles before they feed by applications of carbaryl on a 5-day interval and the wilt will be prevented.

—Make another planting of cucumbers, summer squash, and snap beans early in the month. Fall garden crops of beans, broccoli, cabbage, spinach and turnips can be made late in the month.

—Harvest onions when the tops have fallen over. Begin the curing process by undercutting the bulbs and leaving them lay for 24 to 48 hours. Then tie in bundles of 10 to 15 onions and cure by hanging in a dry sheltered area.

—Spray ripening peaches

and plums with either benomyl, captan or sulfur every week to reduce brown rot (the soft rot of ripening fruits) at harvest time.

—Harvest fruits for dessert and processing. Blackberries, blueberries, summer apples, apricots, peaches and plums make up the fruit list for the month.

—Spray black raspberry plants and sour cherry trees with a fungicide immediately after harvest to control late season fungus diseases.

Long, hot summer for transit riders

By WILLIAM J. WILSON
General Manager of Transit
Bi-State Development
Agency

A couple of months ago in response to the question, "Will the buses be air conditioned when the fare increase goes into effect?", we said that based on our progress at repair, we thought so. We were wrong.

Circumstances including extremely hot weather defeated a very tight, optimistic schedule to achieve this result.

But we have not given up and we will continue working, not only to achieve this goal this summer, but also to put in place an ongoing preventative maintenance and repair program to avoid repeating this situation in the future.

A factual status of how many air conditioners are working is that on July 3 we had 417 buses with fully operational air conditioners, vs. the 774 buses we need on the street to meet our peak demand.

Barring unknown factors and continuance of severe adverse weather, we should see significant improvement before the end of the summer.

This having been said, one would think this would be enough information. However, there are those who think it is more important to investigate "why" in terms of reprimand and blame, rather than determining a factual status and reporting corrective action.

In order to assist those who take this view, the following should be noted:

—For at least two years, and probably longer, no concerted effort was made by Bi-State to repair air conditioners. This was a conscious decision of previous management.

—Until recently, maintenance efforts concentrated almost solely on getting buses on the street to move people.

—When it became clear to me that this was the case, last December I instructed our maintenance personnel and engineering personnel to find a long-term solution to this problem.

—As a result, engineering and maintenance, together with consultant assistance, have produced a preventative maintenance and repair program for air conditioners which is being effected this year.

—On Feb. 8, 1980, maintenance proposed the addition of 10 mechanics and attendant expenses for parts needed to repair air conditioners to the Board of Commissioners.

Unfortunately, this

proposal was not immediately approved, due to discussion that maybe we should not run air conditioners at all in an effort to save energy. Had that thought prevailed, no buses would have air conditioning.

Subsequently, on March 10, 1980, the board approved the proposal, and we proceeded to hire and gear up the program, using additional overtime work to expedite it. We informed the board at the time that it would take until early August to complete the work.

Early in the last week of June, over 800 buses had air conditioners that had been repaired. Expectations were that at the rate of progress being experienced, over 850 would be repaired by July 1, which would have been enough to more than meet peak needs.

Unfortunately, late that week, and continuing through Tuesday of last week, abnormally high temperatures were experienced.

This not only caused failure of air conditioners but also failure of buses due to engine and transmission overheating.

The result was that the gains in repair turned into losses.

It should further be noted that the specifications for air conditioners, dictated by our federal government, have been demonstrated to be inadequate for temperatures like we experienced. This has lately proved to be true particularly in the southwest United States.

This may sound like — and is, in fact — a lot of excuses. But a combination of short-term thinking, late decisions, restrictive funding and adverse weather conditions resulted in coming up with "too little, too late."

Unfortunately, the bus riders are paying for this, and for that we apologize and pledge that it will not be repeated.

However, the focus of blame should not be placed solely on the management of the bus company. The management is striving to provide better service.

The key to better service is the assurance of long-term funding which will allow us to plan and develop systems to prevent these situations in the future.

Questions, answers on mail

Office of
Lieutenant Governor)
Senior citizens sometimes
run into problems involving
the U.S. Postal Service. How
to deal with some of these
common problems follows:

Q. I ordered merchandise
through the mail two months
ago and it hasn't arrived.
Isn't there a time limit on
shipping mail order mer-
chandise?

A. Yes. The Federal Trade
Commission has a rule
requiring mail order pur-
chases to be shipped within
the time stated in the
company's printed or
broadcasted offer.

If no time is stated, unless
the buyer is contacted and
consents to a delay.

If you have this problem
and the company won't
resolve it, contact the
Federal Trade Commission,
Office of the Secretary,
Washington, D.C. 20580.

Q. I receive a lot of un-
solicited junk mail. How can
I stop it?

A. Contact the Direct Mail
Marketing Association, 6 E.
43rd St., New York, N.Y.
10017. This organization will
remove your name from the
mailing lists of its members.

While this won't stop all
the advertising mail, it will
stop most of it, including
most sweepstakes, contest
offers, coupons and catalogs.

Q. Sometimes I receive
sexually oriented adver-
tisements through the
mail. How can I stop
receiving these?

A. Fill out Form 2201 at
your local post office. Thirty
days from the date your
name is added to the
reference list, any mail-
ing who sends you sexually
oriented advertisement is
subject to legal action by the
federal government.

In addition, regardless of
whether your name is on the
Postal Service reference list,
you may obtain an order
prohibiting any further mail
from anyone who has sent
you an advertisement which
you consider to be
erotically arousing or
sexually provocative.

Form 215a, available at your
local post office, may be
used for this purpose.

Q. What if I received
unwanted merchandise?

A. It is a violation of the
Federal Trade Commission
Act to send unwanted
merchandise through the
mail unless it is a free
sample and marked as such,
or is merchandise sent by a
charitable organization
asking for a contribution.

You may treat unwanted
merchandise as a gift and do
not have to pay for it or send
a donation.

Persons sending un-
wanted merchandise through
the mail are prohibited from
demanding payment.

Billing for unwanted
merchandise may constitute
mail fraud or
misrepresentation. Contact
your local postmaster for
more information.

State booklet on harassment

Governor James R.
Thompson has announced
the publication of a booklet,
"Sexual Harassment is Bad
Business," which will
provide state employees
with information and
guidance in identifying and
resolving such a situation.

The booklet gives facts
about sexual harassment
and lists specific agencies to
contact for referral and/or
counseling.

"In a letter which ac-
companies each booklet, the
governor says, "My con-
tinued concern about the
issue has brought about this
effort to provide information
to all employees in state
government."

"Individuals concerned
about sexual harassment in
the workplace may be too
embarrassed to discuss the
problem or be unaware of
how to handle situations that
arise. The brochure is in-
tended to aid in answering
such questions."

About 35,000 copies of the
booklet have been printed by
the Governor's Office of
Interagency Cooperation in
conjunction with the
Department of Equal
Employment Opportunity
and its successor, the
Department of Human
Rights.

They will be distributed by
equal employment officers
in each agency, board and
commission to state em-
ployees.

PVT. DONALD BIRK

Donald Birk
at Fort Bragg

Private Donald Frank Birk Jr., U.S. Army, has been assigned to the 688th Maintenance at Fort Bragg, N. C.

He is the son of Mr. and Mrs. Donald F. Birk Sr., 1405 Iowa St.

Prior to enlisting in January, Pvt. Birk, 18, attended Granite City High School South. He also worked at George Lindsey's Family Steak House.

The serviceman graduated from basic and AT training at Fort Leonard Wood, Mo., where he also completed a Big Equipment Inspection course.

Kiddie camp to open at 'Y'

A new session of kiddie camp will open July 15, at the YMCA.

Kiddie camp is for 3 to 5-year-olds, and meets on Tuesday and Thursday mornings from 9 to 11:30.

Each morning campers will receive a swim lesson, followed by crafts, stories, gym activities, and a snack. Augusta Birchhead and Ted Thalmann teach the swim lesson, and Connie Sietert supervises all other activities.

The cost for the program is \$7.50 per two-week session for Y members and \$12 for non-members.

For more information, Quad-Cityans may call Lucy Tueth, Y program director, at 876-7200.

3rd Marine Division plans 26th reunion

Veteran of the 3rd Marine Division that went overseas in 1945 and has been stationed there ever since, except for six years of deactivation following World War II — a total of 31 years — will hold their 26th annual reunion at Stouffville, N.C., July 22-27.

The "Fighting Third" fought the Japanese in the Pacific campaign at Bougainville, Guam and Iwo Jima. During the Vietnam war (1965-68), the Third was involved in 4 1/2 years of combat duty, longest of any U.S. division in history. Since then it has been back training at its Okinawa base with one battalion landing team always afloat.

The 3rd Marine Division was founded in 1940 at Camp Pendleton, Calif., by the late General Graves B. Erskine who led the Third to victory on Iwo.

Annual reunions began in 1955 and have been held every year since. The 1980 gathering will be the first in St. Louis, Chicago and Breezy Point, Md., and the only other sites of 3rd Marine Division conventions in the Midwest.

In addition to sharing memories with war-time comrades, the veterans and their families will tour historic Missouri landarks and other attractions. Included will be St. Louis' famous Gateway Arch; Grant's Farm where Gen. Ulysses S. Grant, the 18th U.S. President, once lived; Mississippi River boat ride; Anheuser-Busch's famed Clydesdale horses; and thoroughbred horse racing at Fairmount Park. Several Quad-Cityans are members and plan to attend, it was announced.

For additional information, contact Roland B. Byington, Jr., reunion chairman, 15408 Vinyard Lane, Chesterfield, Mo. 63017; phone: (314) 88-7186.

Women of Moose install 2

Theola Garcia was installed as junior regent and Lena Seitzer as sentinel of Women of the Moose Chapter 247 at a meeting at the Moose Club, 19th and Adams streets.

The installing regent was Mildred Votupal, who installed the new officers before the chapter altar.

Enrolled into membership was Janet Richter, sponsored by her mother, Harriett Kennerly, Moosehaven chairman.

Mrs. Kennerly will receive an academy degree, having now sponsored two candidates.

Senior Regent Rosella Mead presided and read rules for the Queen of Hearts

contest and asked that any suggestions, changes or additions be reported to the chapter executive board.

Recorder Dorothy Coy read reports, including a letter from Mooseheart relating to a donation.

Pro tem officers serving were Violet Campbell, Juanita Cagle, Pauline Turnbough, Sadie Bringer, Donna Westbrook, Ava Lee, Anna Kuzma, Betty Smith and Charlotte Brook.

Virginia Sever, College of Regents chairman, announced Gladys Markovich, Jean Toller, Vera Koff and Ev McColligan as winners of a contest.

A quilt which was handmade and donated by Maureen Burris, membership chairman, was presented to Mrs. Votupal.

An executive session for all board officers is scheduled at 1 p.m. Sunday at the Cahokia Moose Lodge, Mrs. Mead announced.

In the social hour prizes were awarded to Mrs. Cagle and Tammy Voss and homemade pie was served to 36 members by chapter officers.

Mrs. Mead, who is retiring as regent, expressed ap-

preciation to officers, chairmen and members for their cooperation during her term of office.

She will serve as junior graduate regent in the 1980-81 club year.

Parents Chapter sets July events

Parents Without Partners, Eastside Chapter 91, plan a barbecue picnic and discussion session at 2 p.m. Sunday, July 13, at the home of Larry Heinrich, Fairview Heights.

Topic will be on "How to Let the Kids Know You Still Love Them, When They Get Too Big For Sitting on Daddy's Knee."

Other planned affairs for July include, volleyball at Wilson Park ice skating rink on Monday, July 14, followed by discussions at Evelyn Stephens' home, attending the St. Louis Mury Opera on July 16, to see "Bye Bye Birdie" and on July 23 to view "Little Me" and July 30 to see "Little Abner."

Evelyn Stephens will hold a meeting at her home at 7 p.m. on Thursday, July 17, for all committee members to complete plans for the chapter's participation in the annual Strassonefest in St. Louis.

The event will be on July 25, 26 and 27 and is the chapter's main fund raising project, Mrs. Stephens added.

A summer "splash party" is to be held at the home of Mary Earls at 7:30 p.m. Sunday, July 20. Reservations must be made with Mrs. Stephens no later than Friday, July 18, she added.

Several future trips were proposed and discussed at last week's meeting of the Venice Senior Citizen's Club.

Sixty members met for lunch at the Venice-Madison American Legion Home.

The business session was conducted by Mrs. Vicky Bibrey, president, and a social hour followed.

While in Florida the family also took a trip to Sea World and Disney World.

The first birthday of Joshua Patrick McDaniel was celebrated at a party hosted by his parents, Mr. and Mrs. Merl McDaniel Jr., of Collinsville, formerly of Granite City, Sunday afternoon.

A Mickey and Minnie Mouse decal was used for the table appointments and for the refreshments.

Guests present were the maternal grandparents Mr. and Mrs. Lyman Morris and Mr. and Mrs. Ken Meitz, Kay Rollins, Emily Rollins, Kelly Moore, Darlene Sullivan, Doreen Delaloye, Jeanne Delaloye, Jewel Blason, Ronnie Blason, Donna Blason and Beula Blason. Mr. and Mrs. Bill Wachter.

Also Robin Noon, Pam Noon and son Jeffrey, Paul Combs, Mary Kay Combs and daughter Brooke, Gordon Beswick, Connie Beswick, Peggy Keltner, Bob Noon, Curt Edwards, Cathy and Ed Ward and son Eric. Mr. and Mrs. Bill Robinson and sons Todd and Adam.

Her research paper, which dealt with the absorption efficiency of vitamin A from agar gel diets, represented the findings of a research project conducted in 1979-80. For her work, she received a \$300 prize and a certificate of recognition from IFT and Phi Tau Sigma.

A 1976 graduate of Granite City High School North, the award recipient is the daughter of Mr. and Mrs. Lynn Kinney, Granite City. She is a member of the National Honor Society and has received Dean's List recognition at the University of Illinois for her academic achievements.

While at the U of I, Miss Kinney was a student member of IFT, the food technologists' professional organization. She also was active in the Food Science Club and served as the group's president in 1979.

A current resident of Elk Grove Village, she is now employed as an associate food technologist at the Keebler Company.

Barbie Ann Schannott celebrated her first birthday at a family gathering in the home of her parents, Mr. and Mrs. Richard (Darlene) Schannott III, 19 Tulip Court, Pontoon Beach.

The youngster also was honored at a party in the home of her grandparents in Fieldon, Ill.

She is the granddaughter of Mr. and Mrs. Herbert Schannott Jr., of Granite City and Mr. and Mrs. John F. Duggan of Fieldon, Ill.

Her great-grandmothers are Mrs. Elizabeth Duggan and Mrs. Gladys Stiemmler, both of Fieldon, and Mrs. Mary Schannott of Granite City.

Preston Bishops host barbecue

Mr. and Mrs. Preston (Pam) Bishop, 2158 Benton St., entertained a group of people who had participated in decorating the float entered in the Shrine's Circus parade by Rose Bowl Flowers Shop.

The float decorated in the Winnie The Pooh motif received a fourth place trophy in the annual parade.

Guests attending were Mr. and Mrs. Homer Crisel, owners of the flower shop, Mrs. Ruby Stultze, Miss Florence Blair, Marty Clark, Lorie Clement, Jeff Crisel and Scott and Mark Fullam.

Another highlight of the social gathering was the birthday celebration for Shannon Bishop, a daughter of the hosts, who marked her second birthday.

Clara Edna Bickel and Alberta Walker later joined the organization.

Dr. Netz presented a program on the topic, "America Is Us."

Mrs. Betty Cooper gave a presentation of the Senior Citizen Council meeting and closing with several verbal old timers with Dr. Netz at the podium. Members also recited The Lord's Prayer prior to the social hour.

Refreshments were served by those observing July birthdays.

Dr. Netz presented a program on the topic, "America Is Us."

BPW club to meet at Army facility

Anthony Jenkins, administrator of the East St. Louis Regional Office, Illinois Department of Children and Family Services, will be guest speaker at the Wednesday, July 16, meeting of the Granite City Business and Professional Women's Club.

The 6:30 p.m. dinner session will take place in Officer's Club at the Granite City Army Installation.

Rosalie Stern, BPW president, said all area working women and prospective members are invited to attend.

Reservations are being accepted by Ruth Walk, 707-0109, or Ruth Milhouser, 877-4151.

Membership Chairman Wilma Large is in charge of the July program.

Jenkins will speak on the functions of the DCF's

agency, including child abuse, understanding child abuse and family counseling, among other aspects.

A question and answer period will follow his talk.

Since 1973 Jenkins has been administrator of the area's DCF's regional office.

Previously he held positions with the National Conference of Catholic Charities, St. Clair County Mental Health Association and the Child Care Association of Illinois.

He holds a master's degree in Social Work from Washington University, St. Louis, and a BS degree from Tennessee State University in Nashville, which he attended on an athletic scholarship.

Jenkins served with the U.S. Army in Japan. He is married and the father of two teenage children.

Food technology award earned by Carol Kinney

Carol L. Kinney, formerly of 2844 Waterman Ave., Granite City, earned second place honors at the Institute of Food Technologists (IFT) graduate research paper forum.

The international competition, which involves undergraduate food science students from the U.S. and Canada, is co-sponsored by the Institute of Food Technologists.

She is a 1986 graduate of the University of Illinois at Urbana-Champaign. Along with six other finalists in the competition, she was selected to present her research paper at the 40th annual IFT meeting, held this summer in New Orleans.

Her research paper, which dealt with the absorption efficiency of vitamin A from agar gel diets, represented the findings of a research project conducted in 1979-80.

For her work, she received a \$300 prize and a certificate of recognition from IFT and Phi Tau Sigma.

A 1976 graduate of Granite City High School North, the award recipient is the daughter of Mr. and Mrs. Lynn Kinney, Granite City. She is a member of the National Honor Society and has received Dean's List recognition at the University of Illinois for her academic achievements.

While at the U of I, Miss Kinney was a student member of IFT, the food technologists' professional organization. She also was active in the Food Science Club and served as the group's president in 1979.

A current resident of Elk Grove Village, she is now employed as an associate food technologist at the Keebler Company.

Barbie Ann Schannott celebrated her first birthday at a family gathering in the home of her parents, Mr. and Mrs. Richard (Darlene) Schannott III, 19 Tulip Court, Pontoon Beach.

The youngster also was honored at a party in the home of her grandparents in Fieldon, Ill.

She is the granddaughter of Mr. and Mrs. Herbert Schannott Jr., of Granite City and Mr. and Mrs. John F. Duggan of Fieldon, Ill.

Her great-grandmothers are Mrs. Elizabeth Duggan and Mrs. Gladys Stiemmler, both of Fieldon, and Mrs. Mary Schannott of Granite City.

RALPH GREEN, St. Louis song evangelist, will be in sacred concert at 7 p.m. on July 27 at Suburban Baptist, 2500 St. Clair Ave., according to the Rev. Harold Garrett, host pastor. The community is invited to attend, admission free, the minister added.

Wayne Lyons of Breckenridge Lane returned home Friday from Rockford, Ill. He was a guest of his uncle and aunt, Mr. and Mrs. Charles Pricker.

Tina Lyons, Kellye Wooster and Melissa Stinson have returned from Lake Salateca Camp. The camp is sponsored by the Women's Missionary Union of the Illinois Baptist State Association.

Lori Ann and Michael Speece of Tilden, Ill., have been visiting their grandparents, Mr. and Mrs. Frank Lindsay of Nelson Drive. While here, they accompanied their grandmother to Fulton, Mo., to visit her daughter and son-in-law, Mr. and Mrs. Charles Pricker.

Mrs. Sylvia Massman and son, Michael, returned home Sunday from Warrensburg, Mo., where they spent the July 4 holidays with her sister, Ruth Downing.

PONTON BAPTIST CHURCH ANNIVERSARY
The Ponton Baptist Church celebrated the 100th anniversary of the church of Sunday with the annual barbecue, held at the Baptist Center.

Among those participating were the pastor, the Rev. Pat Fife, and Jack, Marsha, George and Marcia Thomas, Laura, Kristin, Donna and Randy Millikin, Paul and Yvette Staydubur, Lisa Randall, Rich Price, Sylvia and Mike Massman, Helen Galloway, Dorothy and Richard Kainey.

Harold and Connie McBride, Crystal McBride, Jessica Ann McCleary, Senilia Stephens, Jack Brannon, Buddie Lampkin, Mr. and Mrs. Hogue and family, Frank Lindsay, Paul and Debbie Staydubur, and Tom and Lucille Martin.

VICKERS REUNION
The Vickers family reunion was held Friday at Fort Kaskaskia State Park. Those attending were the father, the Rev. William C. Vickers of Chester, Ill., Chester and Ray, Kay Anderson, Tina and Wayne Lyons of Breckenridge Lane, Marsha, Jerry, John, Robert, Danny, Ann, Emily and Timothy Kirkpatrick of Granite City.

Marvin and Opal Vickers, Laura Dennis and Leola Vickers of Madison, Ill., Mary Helen McKenzie, Jessica Ann Mosser, Marjorie and David Frazier, Lavonda and Larry Frazier, Mary Lynn, Larry Glenn and Altha Frazier, Lola and Allen Crowder, Mary Lou, Charles and Charlie Fricke.

David and Dave Davenport, Bonnie Klauslin, Tommy Lynn and Chris Klauslin, Millard Vickers, Muriel, Bev, Debbie, Donna, Kevin and Patricia Vickers.

David Dempsey, Marlene, Richard and Ginger Eckert, Miller and Ron Day, Wendy, Ray and William Day, Malda and Dan Carson, Charles and Ethel McKenzie, Mark and Sharon McKenzie, Ruth Callett and Carl, Pat, Jeff and Steve Rogers.

INSULATION HELPS KEEP YOU

Don't take it for granted that your home is insulated up to today's higher, energy-conscious standards. Adding insulation to meet today's standards makes sense, not only for your personal comfort but also to increase your home's value.

Your Energy Use Advisor at Illinois Power can tell you if you have adequate insulation. If not, your next step is to talk to a dependable insulation contractor or building supply dealer and get the job done.

You'll be pleasantly surprised at how conserving energy with insulation adds to the enjoyment of your home.

APA names pet contest winners

PET OF THE YEAR award is shared by a dog named Snoozie, upper left, owned by Mrs. Faith Rodgers and a cat, upper right, who answers to the name of Kei Kei and is owned by Phyllis Pickler. Honors were awarded to the two animals in a pet contest sponsored by the Animal Protection Association in conjunction with the national observance of "be kind to animals week" officially acknowledged in May. Pictures entered

by the public were judged for originality, humor and pose. Lower left, Mrs. Linda Irwin, member of the APA, presents a trophy to Mr. and Mrs. Rodgers holding the unique pianist. Lower right, Mrs. Pickler, 2352 O'Hare Ave., holds the winning feline as she receives a trophy from Mrs. Irwin as Mrs. JoAnn Hommert, co-president of APA, looks on. In foreground is Richard Pickler.

Water safety, swim classes at park pool

American Red Cross Basic Rescue and Water Safety courses will be offered by the Granite City Park District at Wilson Park pool, starting at 8:30 a.m. Monday, July 14. Also beginning Monday at the Granite City pool is the second series of Mother and Infant swim classes to be taught this season.

Tim Schmidt, pool manager, said persons interested in taking either the life saving instruction or Mother-Infant course may register this week at the pool office from 1 p.m. until 7 p.m. daily.

Minimum age for taking

Basic Rescue and Water Safety is 11 years old, while those enrolled in Advanced Life Saving are required to be 15, Schmidt said.

Cost for each life saving course is \$3.50 for residents with Granite City Park District identification cards, or \$7.50 for non-residents and persons without cards. Both are two-week courses.

The same fee will apply for the Mother-Infant classes which will run from 11 a.m. to 11:30 a.m. Monday through Friday, also for two weeks.

Schmidt said 12 mothers and children took part in the first session.

The second series of swimming lessons for girls is scheduled to start Monday, July 21, the pool manager said.

Girls wishing to take part in the classes may register now at the pool office.

Advanced beginners will attend sessions at 8:45 a.m., intermediate level at 9:30 a.m. and beginners from 9:45 a.m. until 10:30 a.m. Monday through Friday for a two-week period.

Currently, the second series of swim lessons for boys is underway at the park pool.

Rites held for Maud F. Voss

Funeral services were conducted by the Rev. Paul Bryant at 1 p.m. Monday, July 7, for Mrs. Maud F. (Scranton) Voss, 96, of Anna Henry Nursing Home, Edwardsville, at Trinity United Methodist Church, Edwardsville. She also had lived in Tennessee.

Ill for 10 months, Mrs. Voss had been a patient for four hours at St. Elizabeth Hospital, Belleville. She died at the hospital at 1 a.m. Thursday, July 3.

Her husband, Will Voss, died in 1947.

Survivors include four daughters, Mrs. Edna Etheridge, Granite City, Mrs. Florence Griffin, Memphis, Tenn., Mrs. Wilma Boettiger, Bella Vista, Ark., and Mrs. Kenneth (Melva) Taylor, Cullman, Ill.; five grandchildren and seven great-grandchildren.

Burial was in Sunset Hill Cemetery, Edwardsville Township, Irwin Chapel for Funerals, 2801 Madison Ave., was in charge of local arrangements.

Book on SIUE visits, speakers

Community service is the emphasis in a new "Speakers' Spectrum" brochure being distributed by the University Information Center at SIUE.

A 52-page booklet listing hundreds of ways to enjoy SIUE "inside and out," it opens university doors wide, letting our friends peek inside and take advantage of the programs and services in existence here.

Annette Mulvany Gruebe, coordinator of the Information Center of the

brochure is a comprehensive speakers' bureau, listing more than 200 campus faculty and staff professionals willing to address clubs and organizations on such topics as UFOs, gardening, the energy crisis, foreign policy, hypnosis or jazz.

The Spectrum also outlines special programs available for visits on campus, or off-campus bookings.

They include musical groups, nature hikes, specialized tours, recreation tips, special lectures, entertainment, and even ideal for mini-vacations not far from home, she said. Also included are films and slide films.

"Incorporated throughout the guide are programs for any age or any interest. A comprehensive list of programs for senior citizens is being developed, and we are continually adding more programs to meet demand," she concluded.

Free copies of the Speakers' Spectrum are available by writing to the University Information Center, Box 15a, SIUE 62026, or calling 692-2739.

Miss Summertime show aids Junior Miss event

Bridget Fox was named Miss Summertime in a pageant held at the Sunset Hill Holiday Inn. The Miss Summertime Pageant is sponsored by Sharon Fox as a benefit show for the Granite City Junior Miss program. The latter is scheduled to take place Oct. 1 at Granite City High School South.

Mrs. Yount, who operates a beauty-parlor school in Granite City, is helping to raise \$1,000 for the Junior Miss program and proceeds from the pageant were contributed to the teenage event.

Forty contestants in the youth event participated in talent, modeling and photographic segments.

Trophies, banners and cash awards were presented to the first place winners in each segment and gifts were received by the runners-up. Bridget Fox scored first place in the modeling and photographic contests for the 0 to 6 age group.

Other children taking honors at the pageant's

various segments and age groups were:

Angela Judd, first in Miss Photogenic and third places in modeling and talent; Cheryl Hutchings, first in modeling and talent; Ginger Booker, first in talent; Angie Novas and Kathy Houba, first places in talent; and Jaclyn Greer, first place in modeling and second in talent.

Other Granite City children finishing among the finalists were Darla and Darin Mayhall, Melissa Dawn Simpson, Janis Burkhardt, Bertha Muir, Rhonda Vest and Tina Goucher.

Mrs. Yount said senior high girls interested in entering the Junior Miss program are invited to call 821-4742 for applications and information.

Entry forms will be accepted through August. A meeting of prospective contestants is scheduled next month, Mrs. Yount said.

Local merchants again will be asked to donate to the Junior Miss program, Mrs. Yount said, noting their support continues to be the mainstay of the contest.

ALL SMILES as they display their trophies following the Miss Summertime Pageant are the winners and runners-up who competed in the 0-6 age group. In background are the winners in modeling, talent and photographic segments. From left are Heather Burcham, second place; Darla Mayhall, fourth; Bridget Fox, Miss Summertime, first; Melissa Simpson, fifth; and Angela Judd, third.

Williams honored in Miami Beach

By MICK STRANGE

The Rev. John Henry Williams, president of the Madison Branch of the National Association for the Advancement of Colored People, was presented with the "NAACP Million Dollar Membership Club 1980" medalion.

The presentation took place during the NAACP national convention in Miami Beach, Fla. last week at the Life Time Member Luncheon during which Sen. Edward Kennedy spoke.

The coveted NAACP medalion is awarded for recruiting new members into the organization.

"I certainly want to thank everyone who helped make it possible for me to go to the 71st NAACP convention. It was truly an enlightening experience for me," the Rev. Williams said.

Rev. Williams attended workshops in desegregation of schools and getting people out to vote.

"There was tension in the city. Even blacks did not want to have the convention there due to the fact that Cuban refugees are getting jobs before blacks that live there in Miami Beach and are just as qualified."

"Unfortunately these large conventions are scheduled years in advance and you just can't foresee the future."

"The National NAACP has been awarded a \$350,000 federal grant to monitor charges of alleged police brutality," Williams said.

"There is a small group that wants the name changed to the National Association for Black

People, but that didn't get anywhere.

"It was pointed out by our national leaders that the initials NAACP is a trade mark, and that we represent all races that need help, not just blacks."

"A few asked why the NAACP was not demonstrating as in the 1960's."

"Well, they were answered in no uncertain terms that the NAACP is interested in getting our problems solved, getting jobs for people and helping to improve the economic situation."

"The NAACP today is far more effective than 1960 and we don't have to do a lot of marching or lying in the street," Williams said.

"The NAACP nationally and the Madison Branch record speaks for itself. We don't take a back seat to anyone."

"I do want to thank everyone again for their support and I particularly want to thank the Granite City Press Record for their support of our activities and reporting the black news as well as the white," Williams concluded.

BAC offers college courses in area extension classes

Quad-City area residents can get a jump on their education and on their careers through the Belleville Area College extension courses offered for Granite City, Madison and Venice. Courses offered in the Granite City extension center are classes in art, introduction to business, business mathematics, accounting I, introduction to marketing, shorthand I and II, typing I, II, and III, personnel management, business law, principles of advertising, writing lab, rhetoric and composition I and II, introduction to literature, intermediate algebra, introduction to philosophy, introduction to American government, general psychology, introduction to sociology, social problems, fundamentals of public speaking, and other entrance level courses. The credit courses at Granite City also include emergency rescue technician, health, first aid—medical self help, medical terminology (8 weeks), introduction to law enforcement, police administration, police patrol, crime prevention and other occupational-oriented class instruction.

General Studies (non-transferable) courses at the Granite City extension center include basic algebra, signed English, intermediate sewing (11 weeks), interior design and custom drapery (11 weeks), cake decoration

I, art-drawing and painting, oil painting, food-service sanitation, refresher shorthand, bookkeeping review, auto mechanics and refresher EMT classes.

Registration for the Granite City extension center will be held on Aug. 18, 19, and 20 at the Granite City High School South in Room 135 from 3 p.m. to 8 p.m. Fees are payable at time of registration.

The Madison extension center of BAC offers a wide variety of general study courses including introduction to bartending, disco dancing, photography, know your car, home air conditioning and refrigeration, beginning and intermediate sewing, upholstery, physical fitness, refresher typing, refresher shorthand, auto body repair, welding and auto mechanics.

Credit classes available to the Madison Area through the extension program include shorthand I, typing I, rhetoric and composition II, health, welding I—industrial, general psychology, and introduction to sociology.

Registration for these Madison courses will be held on Aug. 12, 13, and 14 from 8:30 p.m. to 8:30 p.m. at Madison High School, room 109. For more information Madison residents may call coordinator Charles Steptoe at 878-7135.

A physical fitness class lasting 13 weeks and starting Sept. 8 will be offered at the Venice extension center. The fee is \$16. Registration for this class will be held on Aug. 28 and 29 at Venice High School from 8 a.m. to 3 p.m. in the Guidance Office. For further information Venice residents may call coordinator Albert Schaefer at 452-5348.

A complete schedule listing classes, times, credits and fees will be sent to every home by Aug. 1.

BURGLARY AT MR. B'S
It is unknown if anything was stolen during a burglary at Mr. B's ice cream stand, 2041 Johnson Road, which was discovered Monday.

Glass in a door was broken and the wire mesh on the door was pried off to gain entry. The burglars threw items on the floor and ate sandwiches, cupcakes and candy.

Fingers have been amputated when mower operators attempted to clean out a clogged discharge opening without turning off the engine.

Ricocheting stones and twigs have caused blindness, and many a sit-down power mower has toppled over on a steep bank and caused serious lacerations.

But the most tragic victims of power mower accidents are young children who, unseen by a careless operator, are in back of the mower when it is driven in reverse.

The major accidents associated with power hedge trimmers occur when changing the hand positions while the trimmer is running, removing the left hand from the trimmer to hold branches out of the way or when trying to hold the cord away from the blade.

Other potential accidents to be alert to while using power hedge trimmers or chain saws are: a violent kickback when the blade comes in contact with fence posts, wire or heavy branches; tripping or falling and catching the trimmer or chain saw by the moving blade; and causing the switch to be tripped unexpectedly to the "on" position.

You should remain wide awake at all times to avoid

Power tools for yard work require caution

By MARY RICHARDS
Illinois Department of Public Health

In the summertime, whether we are working or playing, we all enjoy being outdoors. But the warm sun and fresh air seem to create in many of us a feeling of sluggishness. And a desire to take it easy can be dangerous if you are working with power tools.

It has been estimated that nearly 100,000 accidents a year, serious enough to require emergency room treatment, are caused by the careless use of power mowers, power saws and hedge trimmers.

Power lawnmowers are particularly dangerous. Grass in the discharge chute, ricocheting stones, steep terraces—all have the potential to cause serious injuries.

Fingers have been amputated when mower operators attempted to clean out a clogged discharge opening without turning off the engine.

Ricocheting stones and twigs have caused blindness, and many a sit-down power mower has toppled over on a steep bank and caused serious lacerations.

But the most tragic victims of power mower accidents are young children who, unseen by a careless operator, are in back of the mower when it is driven in reverse.

The major accidents associated with power hedge trimmers occur when changing the hand positions while the trimmer is running, removing the left hand from the trimmer to hold branches out of the way or when trying to hold the cord away from the blade.

Other potential accidents to be alert to while using power hedge trimmers or chain saws are: a violent kickback when the blade comes in contact with fence posts, wire or heavy branches; tripping or falling and catching the trimmer or chain saw by the moving blade; and causing the switch to be tripped unexpectedly to the "on" position.

Ambuehl sisters engaged

Mr. and Mrs. Richard Ambuehl, 2620 Stratford Lane, are announcing the engagements of their daughters.

Miss Tracy Lynn Ambuehl and Steven Haeffner plan to be married in December. He is the son of Mrs. Sharon Haeffner, 13 Tulip Court and Dale Haeffner, 713 Chesire, Troy, Ill.

Tracy is a student at North High School and will graduate in January 1981. Her fiancé is employed at

General Motors, Norman, Okla. He was graduated from North High School in 1977.

Miss Tammy Jean Ambuehl is betrothed to Bill Jones, son of Mr. and Mrs. Shelby Jones, 4608 Carl Ave. Both are graduates of North High School. She is working at K-Mart Store and the prospective groom is employed at Burger Chef. Their wedding plans are indefinite at the present time.

BETROTHED. Miss Tammy Jean Ambuehl and Bill Jones whose engagement is being announced by her parents, Mr. and Mrs. Richard Ambuehl, 2620 Stratford Lane. Wedding plans are indefinite at the present time.

TO MARRY. Miss Tracy Lynn Ambuehl and her fiancé, Steven Haeffner. Their betrothal and plans to be married in December are announced by her parents, Mr. and Mrs. Richard Ambuehl, 2620 Stratford Lane.

Family reunion in Worden

The first summer reunion of the Lybarger and Bosworth families was held during the weekend at Worden, Ill., at the home of Mr. and Mrs. Lenny Lybarger.

Each family provided food and drink for the picnic lunch and the day was spent with games, swimming, boating and pony rides.

Those attending the initial family gathering were, Mrs. Clara Taylor and grandson, Gary Taylor Jr., Mrs. Anita Lybarger, Mr. and Mrs. Courland Lybarger, Mr.

and Mrs. Leonard Lybarger Sr., Mr. and Mrs. Jack Taylor and sons, Jack Jr. and Brad, Mr. and Mrs. Ben Bosworth and daughter, June, Mr. and Mrs. Charles Lybarger, Jack Bosworth, Mr. and Mrs. Charles Bosworth Sr., Mr. and Mrs. Charles Bosworth Jr. and son Christopher, Mr. and Mrs. Jeff Boyles and sons Jeffrey and Jason, Mr. and Mrs. Logan Donaldson.

Mr. and Mrs. Courland Bosworth, Mrs. Jeanne Weidner and daughter Deann, Mr. and Mrs. Curtis Bosworth and son Timmy, Mrs. Ellen Owca and children Elizabeth and Matthew, Mr. and Mrs. Perry Jongay and sons Erik and Erin, Mrs. Shirley

Rapoff and sons David and Andy, Mr. and Mrs. Terry Kelahan and son Matthew, Mr. and Mrs. Rick Ahlvers and children Julie, Ben, Jill, Mikie, Mrs. Ruth Nicholas and granddaughter Nicole Cristie, Mr. and Mrs. Jerry Lybarger and children Amanda and Matthew, Mr. and Mrs. Len Lybarger.

Mr. and Mrs. Roy Logan and children Ann and Stephen, Mr. and Mrs. Robert Lybarger and sons Brian and Scott, Mr. and Mrs. Robert Bosworth and daughters Tina and Nina, Mr. and Mrs. Jim Lybarger, Mr. and Mrs. Doug DeKoster and sons Deret and Jared, Mrs. Edna Jones, Mr. and Mrs. Dennis Amosen and children Dawn, Dennis, Deedra, David and Dallas, Mr. and Mrs. Bob Freeman and children Krista, Kyle and Kane, Jim Lybarger Jr. and Mr. and Mrs. Lloyd Rice.

Others present were Irene Hendricks, Marvel Clover and Emma Schoen. Mrs. Hendricks will host the next meeting, it was announced.

Noble Grand Club marks 30 years

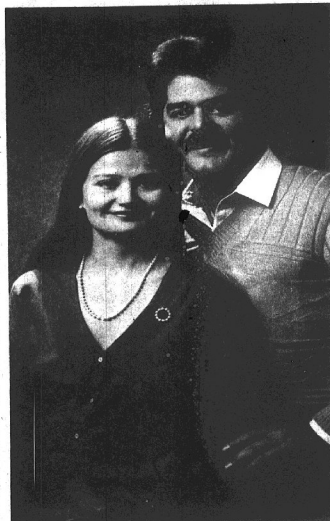

Mrs. Clara Harbig entertained members of the Past Noble Grand Club of Anna Rutledge Rebekah Lodge at a luncheon meeting in her home marking the 30th anniversary of the organization.

The initial meeting of the group was held July 2, 1950 in the home of Mrs. Harbig and they have continued to meet each month. Eleven members of the original group are now deceased, it was noted.

Mrs. Harbig served a two course luncheon at noon to eight members and one guest, Mrs. Margaret Richardson.

The remainder of the afternoon was spent playing pool with prizes going to Mrs. Richardson, the hostess and Edna McKay.

Others present were Irene Hendricks, Marvel Clover and Emma Schoen. Mrs. Hendricks will host the next meeting, it was announced.

TO WED. Miss Rose Mary Chadwick of Austin, Texas, and her fiancé Jack P. Leach Jr. of Thralls, Texas, plan to be married on Nov. 8 at Mother of Perpetual Help Catholic Church in Maryville. Their engagement is being announced by the bride-elect's parents, Mr. and Mrs. Ronald M. Chadwick, Collinsville, formerly of Granite City. (Columbia-Journal Photo)

Leach-Chadwick engagement

An announcement of the betrothal of Miss Rose Mary Chadwick of Austin, Texas, and Jack P. Leach Jr., of Thralls, Texas, was disclosed at a party hosted by the bride-to-be's parents, Mr. and Mrs. Ronald M. Chadwick, Rural Route Three, Box 788, Collinsville, formerly of Granite City. The groom-elect is the son of Dr. and Mrs. Jack P. Leach of Houston, Texas. He graduated from Cypress Fairbanks School, Houston and South West Texas University at San Marcos, Texas.

The prospective groom is presently employed as sales manager of Harley Davidson Inc., Austin, Texas. Miss Chadwick is a Collinsville High School graduate and also graduated from South West Texas University. She currently works as assistant controller at World Way Tennis, Lake Austin, Texas. Plans are being completed by the engaged couple and their families for a Nov. 8 wedding to be solemnized at Mother of Perpetual Help Catholic Church in Maryville, Ill.

Happy Group Club enrolls members

Mr. and Mrs. Carl (Alice) Krohn, Katherine Hinkley, Lee Mathis and Mrs. Johnnie (Katherine) Kim were enrolled as new members of the Happy Group Senior Citizen Club at a monthly meeting, conducted by Olivia Lehman.

The devotion was given by Elmer Gruen. During the session it was announced there will not be a pot luck dinner in July and August but light refreshments will be served.

Thirty-one members attended and participated in a discussion on a trip to be taken at a later date. Final arrangements will be announced at a future meeting, it was noted.

Marie Toth won the prize for the day and those observing July birthdays introduced included Mabel Wiggins, Marie Slank, Rose Mary Brewer, Evelyn Smith and Mary Basarich.

Refreshments were served by Elizabeth McCoy, Evelyn Morgan, Eva Hansel and Evelyn Smith followed by a game session. The next meeting will be Thursday, July 17.

QUINCY HONOR ROLL. Dr. Kenneth Conroy, academic dean at Quincy College, has announced academic honors received by students during the second semester of the 1979-80 school year. Students achieving between a 3.0 and 4.0 grade point average were named to the honor roll, among them Charles Brizina, son of Mr. and Mrs. Harold Brizina, 1017 Alton Ave., Madison.

BRIDE-ELECT. Miss Cyndee Szczepanik fiancée of Gary Rapp. Their engagement and plans for a winter wedding is being announced by her parents, Mr. and Mrs. Edmund Szczepanik, 2308 Dwight Drive. (Granite Photo)

Miss Szczepanik engaged

Plans for a winter wedding to take place at Concordia Lutheran Church were disclosed with the engagement announcement of Miss Cyndee Szczepanik and Gary Rapp, by her parents, Mr. and Mrs. Edmund Szczepanik, 2308 Dwight Drive.

Prize winners included Margaret Richardson, Myrtle Bruns, Agnes Garin and Grace Hennrich. Also present were Theresa Walkenbach, Marie Perry and Leona Parens. Mrs. Rapp will host the next gathering, it was noted.

MRS. CLOVER IS CLUB HOSTESS

Mrs. Marvel Clover entertained the Monday Afternoon Card Club in her home serving a noon luncheon prior to the afternoon of games.

Prize winners included Margaret Richardson, Myrtle Bruns, Agnes Garin and Grace Hennrich. Also present were Theresa Walkenbach, Marie Perry and Leona Parens. Mrs. Rapp will host the next gathering, it was noted.

This I Believe

By

Kenneth V. Reeves, Pastor

Have you ever attended a Pentecostal Church? How about a United Pentecostal Church? We believe you would gain a lot by attending First United Pentecostal Church in Granite City. In Sunday Services at 7:00 P.M., you will enjoy the choir and other special music and singing. I have pastored this church for 24 years of its 64 years history. I believe you owe it to yourself to find out what you have been missing.

Vickie Witt marries Casper Nighohossian

The wedding of Vickie Witt, 178 Briarwood Drive, and Casper Nighohossian, 915 Niedringhaus Ave., was solemnized in a double ring ceremony on May 24 at St. Gregory Armenian Church. Officiating at the 5 o'clock evening ceremony was the Rev. Khoren Habeshian. Arrangements of blue and white carnations decorated the sanctuary.

Organist Mary Haroian accompanied Melanie Asadorian as she sang The Lord's Prayer in Armenian, prior to the service.

Parents of the bride are Dale Meador and Mrs. Linda Meador both of Vandalla. The groom is the son of Mr. and Mrs. Samuel Nighohossian, 1728 Chestnut St.

The bride was escorted to the altar by her children, Mehedy and Richard Witt, who also participated in the service as junior bridesmaid and junior groomsmen.

For her wedding, she wore a formal length white organza over blue Empire style gown fashioned with a cowl collar and fitted bodice accented with beaded Alencon lace motifs.

The blue sheer sleeves terminated at the wrists with wide lace cuffs. Her semi full skirt was edged with a tony blue floor length dresses terminated at the wrists with wide lace cuffs. Her semi full skirt was edged with a tony blue floor length dresses terminated at the wrists with wide lace cuffs.

She wore a fingertip veil held in place by a crown of blue and white lilies of the valley and she carried a nosegay of blue and white carnations intermingled with sprigs of lily of the valley.

Honor attendant Paula Hays and bridesmaids Linda Cheryl Selph, Mrs. Norma Blochberger and the junior bridesmaid selected long blue floor length dresses created in tiffany triana.

Each held nosegay bouquets of blue and white carnations and baby's breath, and wore a circle of blue and white silk lilies of the valley in their hair.

Julie and Darriek the bride, were groomsmen. Guests were seated by James Algire and Gary Johannmeyer.

A rehearsal dinner was held at the V-yoke and cuffed the full sleeves of the bride's organza gown. A double tier of ruffles bordered the flared skirt, which ended in a full cathedral train.

Her double fingertip veil of bridal illusion was secured by a fitted headpiece of lace and seed pearls.

She carried a cascade bouquet of white silk tiger lilies, phlox, daisies, baby's breath and baby's breath.

Maid of honor Miss Diana Zimmerman, a sister of the bride, chose a light blue textured gown featuring full sleeves, a fitted bodice and a scoop neckline edged with lace.

In her hair she wore a crown of light blue silk daisies and she carried a multi-colored bouquet of silk daisies, phlox and baby's breath.

Bridesmaids were Mrs. Patrick Zimmermann and Mrs. David Zimmermann, sisters-in-law of the bride. They were attired in identically styled gowns in mint green and yellow and carried bouquets matching their dresses.

Hannah Marthaler, a cousin of the bride, the flower girl wore a pink gown with a round neckline and full skirt. She held a white basket with pink silk daisies and phlox and baby's breath.

William Rosenberg marks 90th year

William Rosenberg, 2330 Cleveland Ave., celebrated his 90th birthday June 28 at the home of his daughter, Mrs. Lenore Routman, Springfield, Ill.

Mr. Rosenberg, the eldest son of Julius and Mathilda Rosenberg, is one of Madison County's early pioneers. He was born June 26, 1890 in St. Louis and moved to Madison County the same year. His father served as mayor of Granite City in 1898 and 1900.

His younger sister, Pearl, was the first girl born in Granite City.

After graduating from Granite City's McKinley High School, he joined his father and later managed Roenbergs Department Store at the corner of 19th and State Streets for many years. This store was the first multi-story brick building in the city, having been built in a corn field before Granite was incorporated.

Congratulatory Senate Resolution No. 539 was introduced by Senator Sam Valdalabene and adopted on June 5, 1980.

In attendance were his daughters Mrs. Ruth Luckert, DeLand, Florida and Mrs. Miriam Graff, New York City. Also present were his nine grandchildren and six great-grandchildren.

Best man was Kenneth Bridges, Patrick and David Zimmermann, brothers of the bride.

Charlie and Kenny attract large crowds

MRF

The two largest audiences at the Mississippi River Festival thus far this season were for the performances of the Charlie Daniels Band and Kenny Loggins, 18,000 and 9,000 respectively. Top left — Kenny Loggins, formerly of the duo, Loggins and Messina, mesmerizes the audience singing many of his old songs mixed with newer material from more recent solo albums. Top right — In the fall, special guests and opening act for Kenny Loggins. From left are lead guitarist Jock Bartley, lead vocalist Rick Roberts and bass guitarist Mark Andres. At left — Charlie Daniels says he paces with an older tune, "Trudy," early in the first set. Below left — Charlie and his back-up sing to perform one of several new songs. Also with his band was a five-man brass combo. Below — Complete with flamenco dancer — and later square dancers — the CDB performs the song, "El Toro." At right, singer, songwriter, composer and recording artist Kenny Loggins plays the 12-string guitar during one of his songs.

Sr. citizens from 13 states to study area's history

Gov. James Thompson has proclaimed the week of July 14-19 as Elderhostel Week in Illinois. Elderhostel is a summer program for senior citizens offered by colleges around the country, where older people can spend a week with others their own age and participate in a learning experience. For a minimal charge, senior citizens can enroll in as many as three non-credit courses a week at each campus, sharing living quarters and dining facilities with traditional students. Southern Illinois University at Edwardsville is one of nine Illinois colleges and universities offering the program this year. It is solidly booked at SIUE, and reservations are no longer being accepted. There is a waiting list, according to

Reba Klenke, staff assistant in the Office of Continuing Education. Senior citizens enrolled in the SIUE Elderhostel Program include "students" from Indiana, Kentucky, Maine, New Jersey, New York, Pennsylvania, Florida, Maryland, South Carolina, Minnesota, Delaware, Missouri and Illinois. Waiting for them are courses in the arts, social sciences, and data processing. "The View from the River—Then and Now" will explore the cultural history of both sides of the Mississippi River, from the ancient Cahokia Mounds to the modern Gateway Arch. The course is largely made up of field trips, including a boat ride up the river. "Fun With Computers"

will introduce the world of computers. The older students will learn how the computer works by playing simulation games, including a history game called "A Trip Over the Oregon Trail." "Both Sides of the Footlights" will give the hostlers a chance to enjoy the theater from literally both sides of the footlights—from the viewing of a dance troupe, opera company and theater production, to gaining insight into backstage operations. It is not unusual for senior citizens to combine their summer vacation with the Elderhostel experience, opt for Elderhostel classes instead of a vacation, or simply spend the summer, hopping from one campus to another, Reba Klenke said. Elderhostel is called a

relatively inexpensive way for senior citizens on a fixed income to enjoy a vacation away from home and with others their own age. All it takes is \$130 for room, board, academic program and recreation activities. There are three offerings the Elderhostel experience during the week of July 13 which still list openings for "students." They are

North Illinois University, Southern Illinois University at Carbondale, and Quincy College. Citizens wishing to participate may telephone the national office immediately to reserve a place in the classroom: Elderhostel, 100 Boylston St., Suite 500, Boston, Mass. 02116, 617-426-0050.

Franciscan Sisters to host young women.

The Springfield Franciscan Sisters are having a "come and see" weekend on July 26 and 27 for women who want to learn more about the Franciscan way of life. "Women of all ages, including high school seniors, are invited to participate in these days of prayer, sharing

Agency now full-fledged department

The Department of Commerce and Community Affairs (DCCA) became a statutory department of Illinois government by unanimous vote of the Illinois General Assembly last week. The DCCA employs more than 400 people in offices located in Chicago, East St. Louis, Marion and Springfield. The department provides a broad range of inter-related services to business and industry, units of local government, public and private planning and development agencies, and the state's employment and training network. John W. Castle, a DeKalb attorney and businessman, is director of the Dept.

Election by alumni

Edward J. Huneke Jr. of St. Louis is the new president of the Alumni Association of Southern Illinois University at Edwardsville. Soccer coach and a business teacher at Lewis and Clark Community College, he assumed the presidency at a mid-summer meeting of the association's board of directors. The 1971 SIUE graduate, whose soccer teams have won the Midwestern Junior College Athletic Conference championships the past three years, was state coach-of-the-year in 1977 and 1979. President-elect of the SIUE Alumni Association is John A. Hunter Jr., Edwardsville. For the past year, he has been vice president for finance. Other newly-elected officers include Raymond

Rush, East St. Louis, vice president, and Walter Parrill, Edwardsville, vice president for finance. New members elected to the board are Lowell T. Summers, Godfrey, and Mrs. Warren (Linda) Waters, East Alton. Retiring board members recognized at the meeting were Donald Marshall, Alton, and Lendell Phelps, Edwardsville, both past presidents of the SIUE Alumni Association. GC WOMAN APPOINTED KEZK, EE-12 radio, has announced the appointment of Donna Anderson and Chris Conway as account executives. Both have held broadcast positions for several years in St. Louis. Donna Anderson is a resident of Granite City.

Town bills totaling \$19,100 approved

The Granite City Council, seated at the town board, has approved township bills totaling \$19,100 for the two-week period ending July 1.

Approved were town fund bills totaling \$10,514, general assistance bills of \$4,000 and revenue sharing bills totaling \$4,582.

Of the town fund bills, \$2,185 was granted to Mayor Paul Schuler, Alderman Charles Douglas, Assessor Von Dee Cruse and deputy assessors Peggy Burch and Robin Holshouser to attend an assessment institute in Bloomington, Ill. They received \$437 each. The mayor and aldermen received \$300 in per diem pay and the remainder was for salaries and expenses of township employees.

Of the general assistance bills approved for payment, \$2,372 was for salaries, \$2,117 was for food for recipients, \$70 was for rent, \$20 was for office supplies and \$137 went to the director of labor for an institute.

Of revenue sharing expenditures, \$2,801 was for salaries, \$371 was for supplies for senior citizen activities and the remainder was for building maintenance, services and supplies.

Hold reunion in Missouri

The Wall family held its annual reunion during the weekend, with members gathering this year at Doniphan, Mo.

Among those attending were Gene Boyles, Vada and Donna Krajnovich and Mary Wyde, all of Madison; John and Pat Lowe and children, Angie, Tracy and John, Pansy LeMaster and daughters, Sandy and Paula, Timothy Long and Ray and

Mary Jo Stratton and daughter, Jolene, all of Granite City.

James and Emma Sykes, Huntville, Ala.; Jeanings and Vada Stogdill of Couch, Mo.; Clarence Boyles of Redding, Calif.; Steve and Beverly Ard and daughter, Tiffany, Austel, Ga.

Lee and Dee Stratton, Glen and Virgie Lowe, Arvill and Vern Smith, Harry and Minnie Payne, Delmar and Yolanda Martin, Paul and Cheryl Stratton and Alice Crook, all of Doniphan.

July events of Parents Chapter

Granite City Chapter 470 of Parents Without Partners, Inc., have completed plans for a variety of projects and programs for this month as announced by Mary Dyke, chapter president.

On Saturday, July 12, an 8 a.m. float trip and campout on the Meramec River is planned and on Thursday, July 17, a wicker roast will begin at 5:30 p.m. at the home of Janet Reynolds.

The next event is set for Sunday, July 27, with a tour of Grant's Farm in St. Louis. Those attending are to bring a picnic basket. All the above family activities are planned by Mary McDonald, 877-5885.

Adult activities under the direction of Leonard Fowler, 876-7303, include swimming at Wilson Park pool at 7:30 p.m. Friday, July 11, social at Walton's, 5600 N. Bel West at 8 p.m. Saturday, July 11; "backwards houseparty" with each guest attending wearing something backward at the home of Ethelene Amberger at 8:30 p.m. Saturday, July 11; friendship potluck 6:30 p.m. Sunday, July 20.

Also bowling at Tri Mor Bowl, 10 p.m. Friday, July 25 and a houseparty at 8:30 p.m. Saturday, July 26 at the home of the president.

Discussions and educational programs planned include sessions at 7:30 p.m. Tuesday, July 15 with Sandy Ferguson on the topic "Why Be A Leader?" and Thursday, July 17 with "Astrology" with Janet Reynolds; "Raising Teens Alone" with Ethelene Amberger on Thursday, July 24; and "Breaking Out of Your Shell" at a picnic at Wilson Park on Thursday, July 31.

The July general meeting to convene at 7:30 p.m. Wednesday, July 23, at St. John United Church of Christ, 2901 Nameoki Road will feature the topic of "Eating Yourself Thin" to be presented by guest speaker, Nancy J. Wargin, chief dietitian at St. Elizabeth Medical Center.

RESURFACING PROGRAM in the Cloverview Addition, north of Ponton Road and east of Maryville Road, has begun. Workers put down the top coat of asphalt last week heading south on Sara Street from Lynch Avenue which

has been resurfaced earlier in the day. A total of 25 sections of streets in the city are to get a new surface at a cost of \$369,534. The program will continue in various areas until the first of August. McClear Asphalt is doing the work.

(Press-Record Photo by Pat Foley)

Bible school at First Assembly

The First Assembly of God, 24th Street and Grand Avenue, will conduct a vacation Bible school for five days, July 21-25.

Reservations and information are available through calling the church, 877-3430.

Sessions are planned each day from 9 a.m. to 11:30 a.m., including a picnic during those hours on the final day, July 25.

There will be classes for children in the 2 to 12 age range. It is not necessary to be a church member to enroll in the Bible school.

Seek contract extension

Metro-East Sanitary District commissioners voted in a meeting Tuesday morning to extend its present contract for the remainder of this calendar year, subject to approval of members of the operating engineers union.

The contract, involving about ten persons, expired Jan. 1 this year, but was extended at that time.

District officials in their action Tuesday requested the operators to extend the present contract terms until the end of this year in the hope that financial conditions will improve.

Union operators are to meet Friday to vote on the proposal.

The board also set 11 a.m. Wednesday, July 16, as the date of a meeting with Army Corps of Engineers representatives to discuss procedures for replacing the broken trunk line sewer to the Cahokia sewage treatment plant.

Engineers have held it is not feasible to repair the line because of its depth below the underground water table. The sanitary district has said it does not have the funds to replace the line.

A plan to seal off a storm water line that runs into the Cahokia trunk line was approved by the board. It is not known who installed the line or who owns it, an official said. The line extends from the Bond Avenue area in East St. Louis.

Willis retires tomorrow

Lt. Leo C. Willis of the Granite City Police Department will retire tomorrow after 20 years and five months on the police force.

Lt. Willis served as a patrolman from 1960 to 1967, when he became a detective for two years. He was promoted to sergeant in 1974 and to lieutenant in September, 1977.

Willis has received four letters of commendation and has attended numerous training schools, including basic police training (1961 and 1964), fingerprinting (1967), riot control (1967), bomb disposal (1964), advanced fingerprinting (1968), chemical mob control (1969), police teletype (1969), emergency medical technician (1973), police radar (1974), police

LT. LEO WILLIS

supervision (1974) and due process of law (1975). Since his promotion to lieutenant, he has served as a shift commander in the patrol division.

Home invasion, hard drugs, armed violence added to 3-time loser law

Governor James R. Thompson substantially expanded the state's Class X sentencing law when he signed legislation to "slam the prison door" on violent criminals after their third conviction, authorities believe.

When a rapist, an armed robber, a hard drug pusher, an arsonist or any other Class X criminal becomes a three-time loser, that career criminal goes to prison. We're going to close the prison door, lock it and throw away the key," the governor said after this month's signing.

Provisions of Senate Bill 1594, which the governor just signed, were included in his original Class X proposal of three years ago.

"The Class X law that took effect in February 1978 had a loophole in it that let violent criminals continue to prey on society even after a third conviction."

"I objected then, but was unable to persuade the General Assembly. I am happy to say that now this loophole is closed."

"The General Assembly

has agreed that career criminals should not be roaming the streets. After three years of effort, we now have a meaningful habitual offender statute," Thompson said.

"This legislation won strong bipartisan support in both chambers of the legislature."

"Such support is vital when any substantive improvement is made in our criminal justice system."

Provisions of the new law include:

1. Deepening of the 1978 provision of life in prison for three Class X convicts to only if all three were convicted after Feb. 1, 1978. The new law requires only that the third offense be after July 3, 1980.

2. Addition of the offenses of home invasion, heinous battery, hard drug sales, calculated criminal drug conspiracy, and armed violence to those of murder, treason, deviate sexual assault, armed robbery,

aggravated arson and aggravated kidnapping for ransom as offenses for which the third conviction receives a life sentence.

3. Expansion of the place of offense from Illinois only to include crimes elsewhere if they contain the same elements as an offense now classified in Illinois as Class X, or murder.

The legislation also includes a prohibition on residential picketing which corrects a constitutional defect in the existing law.

GC chiropractor author in 2 national publications

Dr. Ron Halstead of Granite City has had a series of articles accepted for publication in two national magazines.

"Share" magazine, published by the Chiropractic Research Foundation, and "Chiropractic Economics" are presenting the series.

The first article was published in June by Share magazine. The subjects will deal with treatment and expert court testimony on traumatic injuries, and chiropractic treatment and evaluation of automobile

injuries and workmen's compensation cases (on-the-job injuries).

Dr. Halstead has had specialized training in the traumatic injury field. He has had postgraduate study in x-ray interpretation, orthopedics and neurology.

He also has written articles and recently gave a lecture to the California Chiropractic Group regarding treatment and testimony on injuries. He has testified in court over 80 times and has given more than 200 depositions.

Double crop soybean test

By RON CORNWELL
County Farm Adviser

Bob Bunselmeyer, of the Granite City area, planned University of Illinois double crop soybean variety plots on his farm for the fifth consecutive year.

The plots are located on the west side of Sand Prairie Road within sight of Cahokia Mounds. The plots were planted June 27 in wheat stubble.

Varieties included in the plots are Victory, Pella, Mitchell, Desoto, Will, Williams 79, Union, Cumberland, Crisp, Ford, Franklin, Woodworth, Elf, Rebel 3481, Peterson 3580, Peterson 4280, and Bonus, BT 390, AF 350 Pfister Genetics CX 380.

Signs identifying the varieties will be placed on the plots in the fall.

A solar energy tour is scheduled for this afternoon in Monroe County.

The first stop will cover two homes and one business using a solar panel collector as a source of energy.

The second stop will feature two solar hog houses. The speaker will also discuss how solar energy can be used with other farm buildings.

Five agronomy field days scheduled this summer will

be of interest to Madison County farmers.

The Belleville area field day is scheduled for July 23 at 9:30 a.m. at the Belleville field near Scott Air Force Base.

The Carbondale field day is scheduled July 24 at 1 p.m. at the SIU campus in Carbondale.

The University of Illinois Dixon Springs field day is scheduled for Aug. 7 at 10 a.m. at the Dixon Springs Experiment Station near Simpson in Southern Illinois.

The University of Illinois Agronomy Day at Urbana will be held Sept. 11 at 7 a.m. on the Agronomy South Farm.

The University of Illinois Brownstown field day is set for Sept. 19 at 8:30 a.m. at the Brownstown research field.

A midwest plan book entitled "Private Water Systems" is available at the Madison County Agricultural Extension Office, Edwardsville.

The book covers the development of natural springs, and includes plans on how to develop the spring and utilize the water.

Other topics include development of wells, cisterns, ponds and other water sources. Also included is information on water treatment and equipment.

Summer swim class at YMCA

The Tri-City Area YMCA announced today that it will begin a new summer swimming class on Monday, July 14. These are daily classes, for a two-week period. In addition, a new session of evening classes will begin July 21. These classes meet twice a week for five weeks. A new

Saturday session will begin on July 26 for six weeks.

The fee for the daily two-week session is \$12.50 for non-members and \$2.50 for YMCA members.

The fees for the evening classes are also \$12.50 for non-members and \$2.50 for members. Fees for the Saturday classes are \$7.50 for non-members and \$1.50 for members.

Registration for the swimming classes is not complete without prepayment and individuals are taken on a first-come, first-served basis. Register early. Call 676-7200 for class times.

Former inmate sues county

A former prisoner in the Madison County Jail has filed a lawsuit against Madison County and Sheriff Emil Toffant as the result of an alleged assault he suffered from another prisoner in the jail June 23, 1979.

Tim White alleges that he was beaten and abused by another prisoner and that the assault led to injuries. He seeks in excess of \$10,000 in each of two counts, one against the county and the other against the sheriff.

UNDERCOATING—RALPH'S TEXACO 22nd & MADISON AVE.

Mayors will hear Mikesell

The next meeting of the Southern Illinois Council of Mayors will be held Wednesday, July 23, at the American Legion Hall, 2870 N. 44th St., Fairmont City.

The social hour begins at 6 p.m., dinner at 7 p.m. and the meeting at 8 p.m. The cost will be \$9 per person, and Mayor John Wyrostek will be the host.

Richard Mikesell, executive director of the Southwestern Illinois Metropolitan and Regional Planning Commission, will make a presentation of Spirit '80 program. It will include a five-minute introduction, a 20-minute audiovisual slide show and then response to questions.

Mayor Wyrostek has planned a Polish and Mexican dinner which will be home cooked.

Exhibit late student's art

A special public showing of artwork produced by the late Carey G. Orness of Edwardsville, a graduate student at SIUE, will be held at the family home Saturday from 7 until 10 p.m.

Mr. Orness was killed in an accident at the university's sculpture studio June 20 while preparing his final project for a master of fine arts degree.

The free exhibition and reception are being sponsored by the SIUE department of art and design. The Orness home is on the north side of Center Grove Road, halfway between Illinois Routes 157 and 159, south of Edwardsville.

Carey Orness was a sculptor whose work used a wide range of materials, including plastic, wood, metal and leather. He frequently took recognizable objects and recreated them in highly fanciful forms. Don Davis, chairman of the department of art and design, said.

A memorial endowment fund has been established in Mr. Orness' name. Proceeds from the fund will be used to provide the Carey G. Orness Graduate Sculpture Award each year at the department's annual graduate exhibition.

Persons wishing to contribute to the fund are sending contributions to the SIUE Department of Art and Design, Box 18, Edwardsville, Ill. 62026. Checks are made payable to the SIUE Foundation with a notation for the Carey G. Orness Memorial Fund.

Galatians 6:8 "... he that sows to the Spirit shall of the Spirit reap ..."

The law of sowing and reaping is one of God's unchangeable laws. What so ever a man sows that shall he also reap. We will definitely reap what we sow.

We can sow to the Spirit by prayer, Bible study, loving our neighbor, or just spreading some kindness along the way.

Whatever we sow we shall reap.

How about sowing to the Spirit today?

Be kind to your air conditioner

By CATHERINE MAUCK
Madison County
Home Economic Adviser

There isn't much you can do to beat the heat, or is there?

Even on the hottest days, there are ways you can help reduce the heat buildup in your home or help lighten the load for your air conditioner. Consider these things:

Insulate the attic area with at least six inches of insulation. Vent the attic or install a power ventilator to circulate air through the attic.

If you are considering a new roof, use light-colored material to reflect heat.

Shade the house from the outside by planting trees, building overhangs or installing window canopies. Keep the drapes and shades drawn during daylight hours, especially on the sunny side of the house.

Use exhaust fans over the range while cooking and in the bathroom while showering or bathing.

Use the oven to cook meals, since less heat is radiated than using cooking units on top of the range. Or use a frypan, slow cooker or other small appliance controlled by a thermostat to cut heat radiation.

Turn off unneeded lights

and read a book rather than watch television, which also gives off heat.

If you have a window air conditioner, check the sealing around the unit and caulk if needed. Clean and oil the unit as needed.

Clean or change the filter as suggested by the manufacturer. Do the same with central units, and remove leaves and other obstructions from the outside condenser unit.

When installing a window unit, try not to use a west window; install it in an area where the house is shaded most of the day. When installing a central unit, shield

the outside condenser with shrubs or other shade devices.

Use a higher thermostat setting to save money and reduce the load on the unit during the hot days. Avoid frequent changes in the setting.

Do not turn the unit on and off. Timers can be used with window units to turn them on just before a working family comes home.

Even in air conditioned homes, keep physical activity to a minimum. You'll not only stay more comfortable, but you won't be producing extra body heat that will add to the unit's workload.

GC grads plan 25th reunion

The January and June 1955 graduating classes of Granite City High School are planning a 25-year reunion for July 25-27 at Augustine's Restaurant in Belleville to begin at 7 p.m., according to the planning committee.

Anyone who has not been contacted or those who have not yet registered are urged to contact Linda (King) McLean at 877-1112 or Margo (Ruff) Evans at 878-2976, the chairman added.

AAA Maintenance—
Carpet Cleaning—
Call 631-6429

GRANITE CITY (III.) PRESS-RECORD, Thursday, July 10, 1980—21 Most drowning victims—boys aged 10 to 19

Drowning is the second most common cause of accidental deaths among children under 15. Only motor vehicle accidents take a higher toll.

Drowning victims include infants unattended in bathtubs as well as children who fall into ponds, plunge through thin ice, swim beyond their depth or endure, or misuse scuba or snorkel equipment.

Most drowning victims are boys in the 10-to-19-year-old range.

While one is submerged in water, a natural protective response of the body takes over to keep the person alive longer.

During submersion, there is no breathing and therefore no oxygen entering the lungs or the blood. However, a major redistribution of blood may occur, flowing to the brain and heart, organs that are very sensitive to a lack of oxygen.

Blood may flow away from the skin, muscles and stomach, where it is not so critical for instant survival.

For complicated chemical reasons, oxygen concentrations are sharply reduced as a result of submersion in sea water than in fresh water.

Removing fluid and debris and getting oxygen into the lungs of the victim is

essential; usually, 100 percent oxygen is administered as soon as possible.

If the victim survives the first 24 hours after the accident, chances are good that he or she will recover.

The best course is always prevention.

Everyone—at all ages—needs to be aware of water safety, especially during the summer.

Tri-City now all alone in last playoff spot

By KEVIN ALLEN
of the Press-Record

GRANITE CITY — As pitcher Kevin Cripps goes, so goes his team, Tri-City American Legion Post 113. Cripps led Tri-City to 7-0 win over Bethalto last night, striking out 10 batters and scattering only four hits.

For Cripps, who had fallen on relatively hard times of late, it was a return to early season form.

And for Tri-City, it was another important victory toward the District 22 playoffs, a trend that has grown steadily recently.

In fact, it was probably the team's overall turnaround that inspired Cripps' instead of the other way around.

"This is the kind of team we should have been all year long," said Tri-City coach Eldon Warfield.

Cripps' performance against Bethalto rivaled that of Tri-City's season-opener against East Alton. In that game he struck out 14.

Cripps back in form as Granite thrashes Bethalto

Since then, though, the pitcher who looked to be the team's standard bearer trailed off to the point where late, Warfield was using him as a reliever.

Last night, Cripps displayed the kind of sharp control and command of pitches that was expected of him all along. That may be due in part to Tri-City's re-emergence in the district. After a fast start, things soured for the club.

In the past few weeks, though, Tri-City has surprised many people around the league. Warfield's team has fought back to the point where last night's win gave it sole possession of fourth place in the district.

Considering only four

teams will qualify for post-season play, it was an important victory.

They won in what's becoming typical fashion — aggressive base running, timely hitting, and strong pitching.

In the second inning, Tri-City got all the runs it would need, one when Rick Daily reached first after forcing Bob Ford at second base. Mike DeGonia bunted Daily over to second, and John Linhart drove him home when he stroked the ball up the middle.

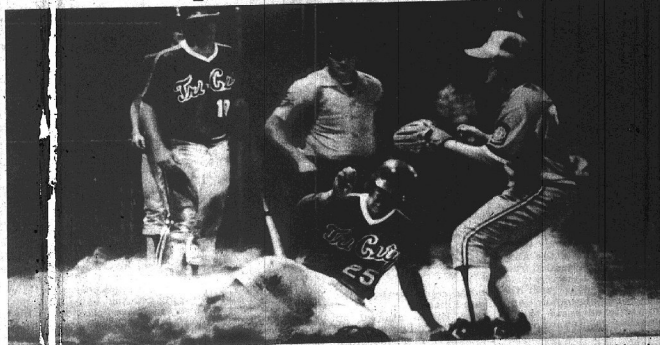

A fielder's choice, a bunt, and a single. An example of what Warfield calls his psychological style of play. "Anything can happen on any level of the game,"

Warfield said. "Bunting is a simple thing, but it puts the pressure on the team in the field. When it works it's hard to beat."

It worked for Tri-City again in the fourth. Again DeGonia was at the plate. Ford, who had doubled and advanced on Daily's infield out, was at third.

DeGonia pushed the ball down the first base line, but in his haste to try to cut down Ford at the plate, Bethalto first baseman Dave Hargrave saw the ball scoot past him. Ford scored, giving Tri-City a 2-0 lead.

In the fifth, with John Linhart and John Vrenick on at second and third, Tri-City

JOHN VRENICK of Tri-City Post 113 slipped safely into home last night during action at CMS South against Bethalto in the two teams' battle for the fourth and final playoff position in the District 22 North Division standings. Tri-City took a big step toward the playoffs, winning 7-0.

(Continued on Page 25)

Warfield looks at rankings

GRANITE CITY — Eldon Warfield pulled a ragged-edged newspaper clipping from out of his folder and searched among the small type for a familiar name.

He found Tri-City Post 113, the team he coaches, buried deep among a listing of area teams under the heading honorable mention.

The important thing was, though, it was there.

After a fast start and sluggish middle, Tri-City is finally beginning to earn some recognition in local baseball circles.

Small recognition, maybe — honorable mention — but recognition nonetheless.

For Warfield, any news is good news.

"People didn't think much of our team when the season began," he said. "And when we lost some close games, that didn't help much. But now we're starting to make some noise."

With a win over Bethalto yesterday, Tri-City took an undisputed hold of fourth place in District 22 standings.

Bethalto had a 9-9 league record going into the game, and Tri-City was 11-9 in the league. The win gave Warfield's team a 17-15 overall mark.

Even more encouraging, though, has been Tri-City's record during the past two weeks. It has won six of its last seven games, including victories over then-first-place Collinsville, and non-league power Thoman Booth.

In fact, Warfield can trace down the list of the top ten ranked area teams — up above Tri-City's name on the newspaper clipping — and spot more teams Tri-City has beaten than not.

There is no mystical secret to this new-found success. According to Warfield, it's simple. "We're just playing together more now," he said.

In the middle of the season, during which Tri-City trailed off somewhat, many key players were away on summer vacations. That left some noticeable holes.

Outfielder Bob Ford, for example, was away for a couple of weeks. Ford is the "clean-up" batter.

Now, though, Warfield said a new feeling of dedication has taken hold of his club. "Some of the guys had vacations scheduled," he said. "But they canceled them. It wasn't because I told them, but some of the older guys on the team told them that we had a good team, and we had a chance. That's the kind of dedication we're looking for."

WHAT PRESSURE! Ernie Walker of the Falcons eight-year old team comes safely into third base last evening against the Bandits at Wilson Park. The Granite City Park District baseball program is one of the most-copied in the state. By the way, the Falcons won in a slugfest, 19-18.

GC Park tennis tourneys

GRANITE CITY — The Granite City Park District will be sponsoring two tennis tournaments for this summer.

The Granite City Park District Resident Only Tournament will be Aug. 4-8 at the Wilson Park Courts and the South High School Courts. Play is limited to two events except for father-son doubles or mixed doubles. There must be four entries in

each event or it will be cancelled. Default time is 15 minutes after scheduled time. Entry fee is \$2 per person, per event. Entries must be in by noon Friday, Aug. 1. Play for youth will begin at 9 a.m. and for adults at 6 p.m.

The Park District will also sponsor an Invitational Tennis Tournament Aug. 15, 16, 17. This tournament is sanctioned by the U.S. Tennis Association and the Missouri Valley Tennis Association.USTA Rules and Membership apply. This tournament will also be held at the Wilson Park Courts and South High School Courts. Play is limited to three events.

Entry forms are available from the Granite City Park District office. For more information those interested may call 877-3699.

of the Press-Record

CAHOKIA — As the American Legion baseball season draws to a close, a mad race for playoff berths has begun. Scratching and clawing for one of those playoff spots, Tri-City received an edge during the last game of the season.

With fourth place in its division still up for grabs, Tri-City kept its play-off hopes alive as Randy Cann hurled a gem over Cahokia. Rick Daily and John Linhart provided the big hits, knocking in two runs apiece, enabling Tri-City to cruise to a 4-1 triumph.

"This was a big win for us," said Tri-City head coach Eldon Warfield. "It was as important as our game with Bethalto." Tri-City is currently battling with Bethalto and Highland for 2nd final play-off position.

"We now have to win the rest of our games," added Warfield, "and we end with Alton and Edwardsville."

To put its offense into gear, Tri-City stung Cahokia's starting pitcher when he knew what had hit him. "We

Press-Record

Sports

GRANITE CITY (ILL.) PRESS-RECORD, Thursday, July 10, 1980 — 23

were going to throw our best pitcher tonight," said Cahokia head coach Mike Giordano, "but he sprained his ankle yesterday playing basketball. That really killed us. We still have a chance for the play-offs. On other good pitcher has been out for three weeks and we have been forced to go with a lot of sophomores. In fact, the pitcher I'm throwing tonight is a sophomore. We just have to do what we can get."

Making do was not good enough, as the young hurler was shaken early. Kevin Sykes and Bob Baty each reached base to open the game and wound up scoring on wild pitches. Before Tri-City had finished, John Linhart blasted a double, sending Bob Ford and Mike DeGonia home who had

the first frame as two more errors cost Tri-City two more runs and a tie game. "We didn't hit the ball," said Giordano. "You have to in order to win. That's what has hurt us earlier in the season. The errors kept us in the game."

But Rick Daily put Cahokia's slim glimmer of hope deep into left-center field in the fifth. The two-run double followed Sykes and Baty who had reached base via a single and a fielder's choice.

Cann concluded a well pitched contest, setting down 12 Cahokia batters in a row after giving up the tying run in the third. Recording his sixth and seventh strikeouts to start the seventh, Tri-City's fifth error broke Cann's consecutive out streak.

Panthers name new coach

CHARLESTON — Jene Davis, 34, assistant basketball coach at Indiana University, will become the new coach at Eastern Illinois University, effective Aug. 1, Athletic Director R. C. Johnson announced today.

De is an assistant under Bob Knight for the past two seasons, will head a program that has been to six straight NCAA Division II tournaments but will join the NCAA Division I ranks in 1982.

He replaces Don Eddy, who resigned in mid-May to accept the position as head coach at the University of Texas-San Antonio.

During Davis' tenure at Indiana, the Hoosiers won the National Invitational Tournament and competed in the NCAA I Midwest Regional.

Prior to IU, both his personal and professional background was in Ohio. He was named that state's "Coach of the Decade" earlier this year for his accomplishments as head basketball coach at Linden McKelley HS in Columbus.

In his four seasons there (1975-79), McKelley was 82-11, won state championships in 1975 and 1977 with the '77 team 28-0 and ranked No. 2 in the United States by "Basketball Weekly" magazine.

A graduate of Lakewood High School in Hebron, Ohio, and Otterbein College in 1968, Davis received his master's degree from Ohio State University majoring in education.

specifically Educable Mentally Retarded. He currently is enrolled at Indiana University's E.D.D. program for school administration.

State finals of 1940 among most exciting

By PETE HAYES
Sports Editor
of the Press-Record
GRANITE CITY
Mention the 1940 state basketball tournament around an old-timer and he'll come back with one word—
"Phillip."
"Yes, he'll say.
"That there was Andy Phillip's tournament. He done it all for Granite. If it weren't for him, they wouldn't have even made it to Champaign. Noireel Ol' Wood River'd a been there!"
The old-timer is probably right. The 1940 state high school basketball tournament, one of the most exciting in the history of the IHSAA, would probably have gone off the different if not for the actions of one Andy Phillip, the "Whiz Kid" from Granite City.

In those days, both the regional champion and runner-up advanced to the sectional tournament. Today, only the champion moves on. It was because of that rule that the Granite City High School "Happy Warriors" were able to even continue their trek toward the state championship they won that year.
Wood River's Ollers defeated Granite in the championship game of the regional tournament. But Granite came back to down the very same Wood River team in the Highland Sectional Tournament and advance to the "Sweet Sixteen" State Finals at Huff Gymnasium on the campus of the University of Illinois in Champaign. There was no such thing as a Super-sectional in 1940. The final 16 teams left in the state ad-

1940 State Basketball Tourney

First Round
Champaign 44, Crane 40
Salem 55, Beardstown 29
Herrin 30, Chicago Hgts. 25
Paris 36, Taylorville 35
Moline 28, Casey 23
Lewiston 31, Hebron 30
Dundee 72, Rushville 47
Granite City 45, Streator 31

Quarterfinals
Champaign 34, Salem 30
Herrin 29, Paris 22
Moline 49, Lewiston 32
Granite City 35, Dundee 30

Semifinals
Herrin 21, Champaign 17
Granite City 41, Moline 38

Finals
Moline 51, Champaign 33 (3rd Place)
Granite City 24, Herrin 22 (Championship)

vanced automatically to the State Finals.
The Finals started on Thursday and finished up on Saturday in a marathon session of basketball that left even the most devoted fan drained.
The lineup at the State Finals was made up of some pretty big schools, some medium-sized ones and some downright little schools. There was only one class of school in 1940. The two-class system used today didn't appear on the scene until 1940.
That meant that a giant school could play a small one in the State Finals. And most of the time the results were very exciting games.
Take for instance the fact that Livingston defeated Collinsville in regional action in 1940. The lineup of teams ad-

vancing to the State Finals in 1940 represented every section of Illinois. From the south were Granite City, Salem, Herrin, Casey, Paris and Taylorville. From the central section were Champaign, Beardstown, Rushville and Lewiston. From the north were Streator, Moline, Chicago Heights Bloom, Chicago Crane, Hebron and defending state champion Dundee.
The south dominated the State Finals in the early years. Just as an example, note that Granite City played Herrin in the championship game.
But Granite City's state championship in 1940 was the first ever for the Southwestern part of the state. No Collinsville. No Belleville. No East St. Louis yet. Granite was the first.
Granite faced Streator in

the final game of the Thursday night session. Even though the Happy Warriors boosted one of the best players in the nation in Phillip, Streator boosted one of the tallest starting linemen for that time.
Streator had three players over 6-3 on its starting lineup. A representative of the Big 12 Conference. It defeated LaSalle-Peru 40-23 in the Ottowa Sectional final.
It was a case of Granite City having too much for Streator in the first and fourth quarters. The Warriors grabbed a 13-7 lead in the first and outscored Streator 10-0 in the fourth in their 45-31 win.
In the quarterfinals, Granite faced defending champ Dundee, the favorite. According to the experts, Granite's season would end with that game. It didn't.

In a classic slow-down game, the Warriors trimmed the normally high-flying Dundee 35-30. The Warriors did it by outscoring the Cardinals 9-2 in the fourth quarter. The leading scorer in that game for Granite was Andy "Huggy" Hagopian with 10 points. Phillip had 8.
In the semifinals Saturday afternoon, Granite edged Moline 41-38 in a come-from-behind effort. Herrin defeated Champaign 21-17.
In Granite's semifinal, the Warriors trailed 29-26 at the end of the third quarter but outscored Moline 15-9 in the fourth to take the win. Phillip had 16 points and Hagopian 13.
Also in that game, Hagopian's shoulder was dislocated and he was

Much has happened

By PETE HAYES
Sports Editor
of the Press-Record
GRANITE CITY — A little over 40 years ago, there was a lot of excitement in this town. Man, oh man, was there some excitement!

The occasion was the winning of the state basketball championship by the local high school basketball team. And those members of that basketball team will be honored here this coming weekend at the annual Lincoln Place Reunion.

Lincoln Place was THE place to be in Granite City back then. Anybody who was anybody came from there, it seemed. But that was with the fact that the basketball team was from there.

If 40 years is hard for some of the younger readers to imagine, take this for example: The attack on Pearl Harbor wouldn't occur for 17 years yet when the "Happy Warriors" won the state title; Hitler was just beginning his reign of terror on the rest of Europe; Korea and Vietnam were simply far away mysterious countries; Nobody knew who Stan Lee was; Lou Brock wasn't even born yet; Jet-powered airplanes were something that only science fiction writers knew about; St. Louis was one of the top five cities in the nation; There were only 48 states in the U.S.A. There really WAS such

AND MANY MANY MORE CARS!

Top-ranked riders here

GRANITE CITY — Nationally top-ranked drivers are among more than 85 professional motorcycle racers already pre-entered for the Busch Half-Mile Regional Motorcycle Championship to be held Friday, July 25th, at Tri-City Speedway here.

Sponsored by Busch beer and the Moolah Shrine Motor Patrol, the race will offer a \$4,000 purse and draw top racers on the AMA Winston Pro circuit.

Early entries include such top ranked racers as Hank Scott, Gene Romero, Mike Kidd and Gary Scott. In all, over 100 riders are expected to compete in the event, which is to benefit the Moolah Shrine Temple's building fund.

Tickets are \$4 in advance, \$5 at the gate and \$2 for children under 12. For tickets write, Ty Wilkerson, 2400 New Hampshire, St. Louis, Mo., 63123 or call (314) 631-6744.

Gates will open at 6 p.m. at the Speedway.

Time trials get underway at 7 p.m. with race competition beginning at 8 p.m.

Racquetball here

GRANITE CITY — The Tri-City Area YMCA has announced that beginner racquetball lessons for persons, 15 years old and above, will be offered at the YMCA starting July 14.

The two-week classes will meet on Mondays and Wednesdays from noon to 1 p.m. and cost \$8 for both members and nonmembers.

The YMCA is also offering special summer racquetball memberships for \$4 per month through September 1. Special court fees will be offered by youth 12-18. Youth may play from 6 to 11 a.m. and 2 to 4 p.m. Monday through Friday and 8 a.m. to 10 p.m. on Saturday and Sunday for only \$1.50 per hour now through September 30. For more information on the revised summer court policy, those interested may call Lucy Tuetz at the YMCA, 876-7200.

The Sporting Thing

of change, the members of that little "family" have gone their separate ways: some to California. Some to Florida. Some stayed in Granite City. They have changed occupations. Some went to war. Some went to college. Some gained fame. Some anonymity. But they're all getting back together again this weekend in Lincoln Place. Where they all got their start. Where their own roots are. And those roots go deep. Some are Armenian. Some Lithuanian. But they're a part of a family.

And we're all invited to that family reunion. It's a rare treat to get to go to somebody's family reunion when you're not a member. But that's just what'll happen this weekend if you take advantage of the opportunity and get down to the reunion. Sunday, you'll have a chance to see some of the heritage that IS Granite City. Ethnic foods, costumes, dancing.

Where it all started. Lincoln Place.

FANCY PANTS. Only a celebrity like sportscaster Jack Buck could get away with golf pants like those he displayed Monday afternoon. Buck was just one of several celebrities fighting the 100 degree heat at Arlington Golf Course in the Bob Goolby Cystic Fibrosis Celebrity Invitational Golf Tournament. All proceeds of the tournament were given to the Cystic Fibrosis Foundation.

Tri-City

(Continued from page 23)

scored two more runs.
 A wild pitch by Bethalto's Randy Cherry allowed Linhart to score and moved Vrenick to third, from where Bob Batey drove him in with a sacrifice fly.

"A good team can make the other team look like they're making mistakes," Warfield said. "But its usually the good team that causes things to happen."
 Tri-City finally polished off Bethalto with a three-run sixth inning. A wild pitch accounted for the first run, scored by Ford. Then Vrenick singled and drove in both Daily and John Linhart. Bethalto offense was blanked by Cripps, who faced a first and third situation in each of the first three innings but avoided any damage each time. Bethalto managed only one hit during the last five

innings, and at one point Cripps retired nine batters in a row.
 "He's coming around to

where he was at the beginning of the season," Warfield said of Cripps. "But then everybody else is too."

Jaycees donate \$3,000 to Rascals

GRANITE CITY — The Granite City Jaycees recently donated \$3,000 to the Granite City Rascals Football Program. It marked the second straight year that \$2,000 had been given to help support the program for football-minded boys. Over the last four years, the local Jaycees have given the Rascals \$12,000. The money will go toward buying new equipment and defraying other expenses the local football teams will have.

The Rascals' season will begin Sunday, Sept. 7. There will be at least four Granite City entrants in the league. Other teams in the Tri-County League will be from Belleville, Cahokia, Collinsville, Columbia, Dupu, Fairview Heights, Godfrey, Millstadt, Red Bud, Scott Air Force Base, O'Fallon and Carbondale. Carbondale and O'Fallon are new entries in the league this season. There are six different divisions in the League: Junior Pee Wee, two Pee Wee groups, Junior

Midgets and two Midgets groups. The maximum weight for Junior Pee Wee is 87 pounds. Boys cannot be older than 9 years old, as of Sept. 1, 1980.

The first Pee Wee group has a weight limit of 87 pounds and an age limit of 10 years. The second group has a weight limit of 77 pounds and an age limit of 11 years old.

Junior Midget players cannot be over 107 pounds or be older than 12, as of Sept. 1.

The first Midget group has a weight limit of 11 pounds and an age limit of 13 years. The second group has a weight limit of 120 pounds and an age limit of 12 years.

Equipment for the coming season will be issued Aug. 16 at Nameoki Recreation Center in Granite City. There will be a \$20 registration fee, which will provide the player with insurance and all equipment except shoes.

Those wanting further information may call Boyd Presley at 877-2639.

(Continued from Page 24)

feared lost to the team for the championship game against Herrin that night. Things looked bleak. Against Herrin, Granite City did it again — fell behind and had to come from behind. Herrin led 10-5 after the first quarter and 16-11 at halftime. Then came the second half. It belonged to Granite. The Warriors outscored the Tigers 4-0 in the third and

8-6 in the fourth to take the win. Philip had an amazing 15 of Granite City's 24 points. Hagopian didn't start, but he was used sparingly in the third for a spark. Even Parsaglian scored five points, Dan Effimoff four. The welcome team record when he came home was rousing. When the 1980 champs return home this weekend for the Lincoln Place Reunion, it'll be rousing again.

not just good BUT GREAT USED CAR DEALS!

ORDINANCE NO. 98 **A N O R D I N A N C E** **REGULATING DEVELOPMENT IN SPECIAL FLOOD HAZARD AREAS** **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MADISON, ILLINOIS, as follows:**

SECTION 1. PURPOSE.
This ordinance is enacted pursuant to the police powers granted to the City of Madison (City) by the Ill. Rev. Stat., 1979, Chapter 24, Sections 1-21, 11-30-2, and 11-31-2 in order to accomplish the following purposes:

- a. to prevent unwise developments from increasing the flood or drainage hazards to others;
- b. to protect new buildings and major improvements to buildings from flood damage;
- c. to protect human life and health from the hazards of flooding;
- d. to lessen the burden on the taxpayer for flood control projects, repairs, and flood-damaged public facilities and utilities, and flood rescue and relief operations;
- e. to maintain property values and a stable tax base by minimizing the potential for creating flood blight areas;
- f. to make federally subsidized flood insurance available for property in the City; and
- g. to provide for the orderly growth and development pursuant to the City's comprehensive plan of an environment that is environmentally sound and changes from human activity.

SECTION 2. PROVISIONS FOR ACCOMPLISHING THE PURPOSE. All new development proposals in the Special Flood Hazard Areas shall be reviewed and approved by the Building Inspector. The Building Inspector's review is to ensure the following:

- a. new development will not change the flow of flood water, other than face drainage waters to the City;
- b. new developments will not create special hazards or nuisances when flooded; and
- c. new buildings and major improvements to buildings will not be subject to damage by the base flood.

DEFINITIONS. For the purpose of this ordinance, the following definitions are adopted:

- a. "Flood" means: a general and temporary condition of inundation of normally dry land from the overflow, the usual and rapid accumulation, or the runoff of surface waters from any source.
- b. "Base Flood" means: the flood having the greatest probability of being equalled or exceeded in any given year. The base flood is also known as the 100 year flood. The base flood elevation at any location is as defined in Section 4 of this ordinance.
- c. "SFHA" or "Special Flood Hazard Area" means: those lands within the jurisdiction of the City that are subject to inundation by the base flood. The SFHAs of the City are generally identified as such on the Flood Insurance Rate Map of the City prepared by the Federal Insurance Administration and dated July 16, 1980.
- d. "Floodway" means: that portion of the SFHA required to store and convey the base flood. If not prohibited, buildings or obstructions in a floodway will increase flood damage to other properties.
- e. "FPE" or "Flood Protection Elevation" means: the elevation of the base flood plus on foot at the given location in the SFHA.
- f. "Development" means: any man-made change to real estate, including:
 - (i) construction, reconstruction, or placement of a building or an addition to a building valued at more than \$1,000;
 - (ii) installing a mobile home on a site or preparing a site for a mobile home;
 - (iii) drilling, mining, installing utilities or facilities, construction of roads, bridges or similar projects valued at more than \$1,000;
 - (iv) construction or erection of levees, walls, or dikes;
 - (v) filling, dredging, grading, excavating, or other nonagricultural alterations of the ground surface;
 - (vi) storage of materials;
 - (vii) any other activity that might change the direction, height, or velocity

(ILL.) PRESS-RECORD

damaging increase in flood heights or velocity.
(i) For development proposals located in an identified floodway or within a riverine SFHA where the floodway has not yet been identified, the following shall apply: The Building Inspector shall review the development plans to discern if:
(a) a new obstruction to flood flows would be created;

- (b) the project will involve a channel crossing such as a bridge or pipeline; or
 - (c) the project will modify the shape of the channel.
- If any of these three situations will result from the project, the applicant shall be required to obtain a permit from the Illinois Department of Transportation, Division of Water Resources, issued pursuant to Ill. Rev. Stat., Chapter 19, Section 70. The Building Inspector shall not issue a building permit unless the applicant has obtained either a Section 70 permit or a waiver of permit required from the Division of Water Resources.

- (ii) For development proposals located in or fringe, "AO Zone," or "AH Zone" identified as such a SFHA map or in a lakefront floodplain, ponding area, area of sheet flow, or other SFHA not subject to over-bank flooding from an identified channel, the requirement of this subsection 6.a shall not apply.
- b. No development in the SFHA shall include locating or storing chemicals, explosives, buoyant materials, flammable liquids, pollutants, or other hazardous or toxic materials below the FPE unless such materials are stored in storage tank or floodproofed building constructed according to the requirements of Section 7.c of this ordinance.
- c. New replacement sanitary sewer lines and site waste disposal systems may be permitted providing all manholes or other above ground openings located above the FPE are watertight.

SECTION 7. PROTECTING BUILDINGS. In addition to the damage prevention requirements of Section 6, all buildings to be located in the SFHA shall be protected from flood damage below the FPE. This building protection requirement applies to the following situations:

- (i) construction or placement of a new building valued at more than \$1,000;
 - (ii) improvements made to an existing building valued at more than 20 percent;
 - (iii) reconstruction or repairs made to a damaged building that are valued at more than 50 percent of the value of the building before the damage occurred; and
 - (iv) installing a mobile home on a new site or a new mobile home on an existing site. This building protection requirement does not apply to returning a mobile home to the same site if it formerly lawfully occupied.
- The building protection requirement may be met by any one of the following methods:
- (i) A building may be constructed on permanent foundations in accordance with the following:
 - (A) The area to be filled shall be cleared of all standing water, brush, down timber, trash, and other growth or objects unsuitable for use as foundation material.
 - (B) The fill shall be placed in layers no greater than 1 foot deep before compaction.
 - (C) The surface of the fill shall be at or above the FPE. The fill shall extend at least 10 feet beyond the foundation of the building before sloping below the FPE.
 - (D) The fill shall be protected against erosion and scour during flooding by vegetation cover, rip rap, or bulkhead of vegetation cover. If used, the slopes shall be no steeper than 3 horizontal to 1 vertical.
 - (E) The fill shall not adversely affect the flow of surface drainage from or onto neighboring properties.
 - (ii) The Building Inspector shall maintain a record of the "as built" elevation of the lowest floor of the building.
 - (iii) A building may be elevated in accordance with the following:
 - (A) The building or improvements shall be elevated on piles, pilings, or other foundation that is permanently open to flood waters and not subjected by hydrostatic pressures.
 - (B) Require that all mobile homes to be placed within

State Water Survey.

The applicant shall be responsible for calculating the FPE and submitting it to the State Water Survey for review and approval as best available data.

- d. Plans for the development activities to be undertaken by the City in the SFHA shall be reviewed by the Building Inspector to ensure that they comply with this Ordinance. Except as provided by law, no other local government shall commence any development activity in the SFHA without first obtaining a building permit from the Building Inspector.

- (ii) The Zoning Board of Appeals of the City shall take the following into consideration when preparing or reviewing a comprehensive plan, community development program, housing assistance plan, and any other plan or development programs:
 - (A) Preserving SFHA land for open space uses such as farming or recreation;
 - (B) prohibiting hospitals, water treatment plants, natural gas storage and other critical or essential hazardous facilities from locating in the SFHA;
 - (C) identifying the elevations of the Base Flood and just floods at entrances to buildings, on street signs, or other prominent locations; and
 - (D) other flood hazard mitigation or floodplain management measures that could help accomplish the purposes of this Ordinance.

SECTION 8. VARIANCES. The Building Inspector will review the applicant's request for a variance. The Zoning Board of Appeals for a variance. The applicant shall submit its recommendation to the City.

- a. No variance shall be granted unless the applicant demonstrates that:
(i) the development activity cannot be located outside the SFHA;
- (ii) A substantial economic hardship would result if the variance were not granted;
- (iii) the relief requested is the minimum necessary to avoid a threat to public health or safety or creation of a nuisance; and
- (iv) there will be no additional public expense for flood protection, rescue or relief, or additional damage to roads, utilities, or other public facilities; and
- (v) the provisions of this Ordinance can still be met.

SECTION 9. OTHER DEVELOPMENT REQUIREMENTS. All official actions related to land management, use and development in the City shall take into account flood hazards, to the extent that they are known.

- (i) Before approval of any annexation agreement or plat of subdivision located outside the corporate limits of the City, the City shall take into account flood hazards, to the extent that they are known.
- (ii) The Building Inspector shall maintain the engineer's certificate and a record of the "as built" elevation to which the building was floodproofed.

SECTION 10. SEPARABILITY. The provisions and sections of this Ordinance shall be deemed separable and the invalidity of any portion of this Ordinance shall not affect the validity of the remainder.

SECTION 11. EFFECTIVE DATE. This Ordinance shall be in full force and effect from and after the date of its adoption and publication, as required by law.

PASSED BY THE Mayor of the City of Madison, Illinois, this _____ day of _____, A.D., 1980.
APPROVED BY THE Mayor of the City of Madison, Illinois, this _____ day of _____, A.D., 1980.
ATTEST:
CITY CLERK 347 10

Criminal damage nets 364 days

Michael Nikonowicz, 18, of the 1900 block of Grand Avenue, has been sentenced to serve 364 days in prison after pleading guilty to criminal damage to property. Associate Judge Edward C. Ferguson pronounced sentence. Charges of delivery of a controlled substance and delivery of cannabis were dismissed.

It is alleged that Nikonowicz took a speaker from a service stand at Park-N-Eat Restaurant, Madison and Niedringhaus avenues, and used it to smash the front glass window of the building.

A security guard from St. Elizabeth Medical Center said the witness, who is a patient, chased Nikonowicz, catching him and holding him until police arrived.

FIVE GENERATIONS of the Laird family photographed at the home of the great-grandfather Hurst Terrell, Granite City, who is seated and holding 4-month old Rachel Boss. Standing from left, Mrs. Denise Boss, grandmother, all of Granite City, and Bryan Boss, Collinsville, father of the infant.

SARAH REPP, left, chairman of the Granite City Junior Service Club July project presenting awards to the prize winners, Nancy Cook, center, first place winner accepting check for \$50 and Rose Kosteck, second place, was given check for \$25. Mrs. Kosteck is holding her granddaughter Sarah Kosteck. All proceeds from the event will be used by the club to purchase eyeglasses for needy area children and other charitable projects.

'Quarter Day' swim July 18 at GC pool

The first "Quarter Day" of the 1980 swimming season is set for Friday, July 18, at the Wilson Park pool. Tim Schmidt, pool manager, said an injunction requiring conformance with this Ordinance or for such other order as necessary to secure compliance with the Ordinance.

Non-residents and persons without ID are required to pay the fee of \$1.25 for children through grade 12 and \$1.75 for adults. Pool hours will be from 1 p.m. until 8 p.m.

GC park trip to Missouri gardens

The Granite City Park District will sponsor an outing to the Missouri Botanical Gardens, St. Louis, on Wednesday, July 23, 2:30 p.m. Wednesday, July 23.

A guide will conduct a one-hour tour to explain various highlights of the gardens. Cost of the lunch may be paid on the day of the trip. Reservations are now being accepted at the Wilson Park office.

More suits against GC Steel Market value program ending

Two more lawsuits have been filed against Granite City Steel, Andco and other parties in connection with alleged accidents during construction of the plant this winter and spring.

Donald McGhee has filed suit against the two companies and Raymond H. Allen, construction supervisor for the steel company, alleging negligence which led to him being injured Dec. 19, 1979.

browsing and visiting the gift shop. Reservations, costing \$3.50 per person, includes round-trip transportation by bus, and admission to the gardens.

A lunch will be available at the Pelican Restaurant, an old and well known restaurant recently reopened near the gardens. Cost of the lunch may be paid on the day of the trip. Reservations are now being accepted at the Wilson Park office.

Allen's suit contends that he was a construction ironworker at the coke plant and was leaving a trailer on the lot when he slipped on a steel beam and fell. He alleges steam from a leaking steam line near the stairs was allowed to freeze on the steps, causing the accident.

The suit seeks in excess of \$25,000 out of the five defendants.

Seven suits have been filed this summer on behalf of workers who contend they have been injured during construction of a new \$15-million replacement project at Granite City Steel recently.

2862 MADISON AVE. 876-3050
The six important questions to ask before listing your house.

When you're ready to sell, you want to make sure you list with someone who has all the tools to help you best sell your house. The most important thing is this: Don't just list with anybody.

To compare, ask these six questions:

1. Do you have a referral network so you can send me potential buyers from all across the country?
2. Do you have a display of photos in your office so people can preview my listing?
3. Are all your salespeople professionally trained?
4. Do you advertise extensively in newspapers and on the radio?
5. Will you put into writing exactly what you will do for me or else I can cancel the listing?
6. Do you spend over \$20,000,000 to advertise on television so effectively that more than 9 out of 10 potential buyers recognize your sign in front of my house?

There is only one real estate sales organization that can answer yes to all these questions. CENTURY 21®

NEW LISTING - And a Great Loan Assumption on this 4 Bedroom Frame, above ground Pool & Large Living & Dining Combination.

Cool Courtois for Post 102

By MICK STRANGE
of the Press-Record
"High Adventure"
Explorer Post 102, sponsored by the Suburban Baptist Church, spent the better part of last week in the "100" degree summer heat on what they called the "Cool Courtois," a river in southern Missouri.

In addition to canoeing other activities of the young Explorers included cliff rappelling, cave exploring and sailing.

TOP LEFT PHOTO, part of the group pitch their tent. A shady spot was hard to find, but the evenings cooled off enough to almost sleep, one Explorer commented.

TOP RIGHT PHOTO, Post 102 gets last minute instructions from Shelly Fohlman, post president.

LOWER LEFT, the Explorers take their canoes off the canoe trailer and prepare to put them in the river.

BOTTOM RIGHT, Post 102 members are in the river and ready to go.

The Explorers considered themselves lucky, miss most of the bad weather in the southern Missouri area last week.

Members of Post 102 attending were: Kent Monical, Traci Millard, Steve Yencho, Carol Mitchell, Carol Busch, Mike Millard, Jeff Storch, Lisa Ware, Paul Bailey, Blake Monical, Tom Busch, Bob Moske, Jack Taylor Jr., Shelly Fohlman, and Bill Kefalas.

Adults attending the high adventure outing were Mr. and Mrs. Bob Decker, Mr. and Mrs. Wayne Millard, Nick Tsigoloff and William Monical.

Cyclists need instruction

By ROBERT C. MILLER
Safe cycling is fun cycling. You'll last a lot longer on the highways if you take some basic precautions.

Cyclists often have accidents because they run wide on a turn due to undercornering or excessive speed. But taking corners well is just a part of good cycling judgment, and bikers who haven't had it should get training.

Use of safety helmets is the most important way cyclists can protect themselves from head injuries. Bikers also should protect their eyes against bad vision caused by strong wind by wearing a helmet screen or goggles.

Avoid driving your bike in bad weather if you can possibly do so. You're better off pulling into shelter and waiting for the storm to pass.

Failure of motorists to see motorcycles is the major cause of motorcycle accidents.

One good way a cyclist can make himself be seen is by wearing high-visibility clothing, such as bright orange or yellow jackets. Use of the cycle's headlight during daytime also is an effective collision countermeasure.

Night driving means taking extra time or caution. Motorists after dark are especially bad at spotting the cycle's single taillight.

Wear light-colored clothing, and keep your windscreen and helmet shield extra clean for better forward vision at night. Check your rearview mirror frequently.

Here are some additional tips for cyclist riding safety:

Bad car-cycle accidents often occur at intersections. Car drivers turning left in front of oncoming cycles sometimes fail to see them.

When making a left turn, cyclists should move to the far left-hand lane of the road, allow oncoming cars to clear the intersection, and then turn. Right-hand turns should be made from the extreme right.

Cyclists should avoid driving in the space between rows of cars.

Cyclists should not pass on the right, especially on a one-lane road. That space can suddenly be occupied by a car.

Because they're less easily seen than motorists, cyclists should go through yellow lights, which opposing motorists often "jump."

Car drivers sometimes open their doors without looking to see if it's safe to do so. Bikers should ride out of the way of car doors likely to open.

Finally, cyclists are advised to keep lots of distance between themselves and large trucks, buses and trains. Those are even less likely to notice a cycle than is a car driver.

Reports trend toward saving, less borrowing

With a sharp decline in short-term money market rates and Treasury Bill yields, Joe Lucido, manager and assistant treasurer of the Granite City Steel Employees' Federal Credit Union, says regular credit union share accounts have again become attractive to savers.

Short-term money market rates have fallen at the rate of 1 1/2 percent a week in the last two months; at last week's Treasury auction, six-month T-bills averaged 8.07 percent.

The credit union has 5,500 members and assets of over \$18 million.

Although Lucido notes a falling off in demand for consumer loans, the facility has \$15 million in loans outstanding. Loan repayments to the credit union average \$800,000 each month.

The Federal Credit Union is the major depository for midwestern credit unions' surplus funds. It has current assets of \$125 million, an increase of more than 20 percent over the past three months.

The credit union also views the credit union financial picture as an indicator of a trend in the country's overall savings picture. Investment in conventional savings accounts and savings certificates, with a low demand for loans, accompanied by a severe drop in consumer buying," Lucido said.

Credit unions are cooperative financial institutions owned and operated by the members, who receive dividends. The membership consists of people who have a common bond, such as employment, church or community. There are 1,478 credit unions in Illinois with 1.4 million members and over \$2 billion in assets.

27 Quad-Cityans graduate at BAC

Belleville Area College has announced the list of graduates for spring 1980. All names on the list have been certified for graduation.

Area students who have received associate degrees from the college, and their degrees, are:

ASSOCIATE OF ARTS — Donald Leroy Madison, 3817 B Street, Granite City.

ASSOCIATE OF SCIENCE — Kathryn Faith Antoff, 2438 Edison, Granite City; David S. Miskell, 1709 Sycamore, Granite City; and Glenda Kay Stubbfield, 3129 Maryville Road, Granite City.

ASSOCIATE OF APPLIED SCIENCE — Degrees were awarded in the following categories:

Business Management — Mary Ann Jackson, 2012A Cleveland, Granite City.

Business-Marketing Management — Mary Ann Jackson, 2012A Cleveland, Granite City.

Business-Secretarial Science — Shirley Lucinda Burkett, 29 Iris, Granite City.

Drafting Technology — Daniel Joseph Dooley, 2534 Ivy Lane, Granite City.

Electronics Technology — Nicholas S. Tsigoloff, 3432 Lydia Lane, Granite City.

Fire Science — Keith Talley, 1615 Moro, Granite City.

Law Enforcement — Robert Lee Chinn II, 2540 Northridge, Granite City; Orville Charles Ellis, P.O. Box 141, Granite City; Cynthia Ann Keller, Rural Route Two, Box 1024F, Granite City; Terry Steven Kowalczyk, 1821 Rhodes, Madison; Gary Michael Marsala, 1611 Fifth St., Madison; Ruby Christine Mathenia, 5 Iris Ave., Granite City; John Robert Sparks, 2832 Palmer Ave., Granite City; and Randall Lee Teller, 2271 Shirline Drive, Granite City.

Medical Assistant Program — Pamela G. Best,

Business Management — Mary Ann Jackson, 2012A Cleveland, Granite City.

Medical Laboratory Technician — Cathy Lynn Patrick, 4140 Division, Lot 18, Granite City; and Susan Marie Petrunich, 2349 Clark Ave., Granite City.

Nursing Education — Marjorie Pearl Ash, 3218 Wilshire Drive, Granite City; Lynn Ann Canada, 2981 Iowa St., Granite City; Kenneth R. Jackson, 2254 Lee, Granite City; Sharron M. Lay, 2216 Woodlawn Ave., Granite City; and Wanda Lear, 100 Wilson Park Lane, Granite City.

Radiologic Technology — Teresa Kay Thomason, 1661 Fourth St., Madison.

Robert Lee Chinn II, 2540 Northridge, Granite City; Orville Charles Ellis, P.O. Box 141, Granite City; Cynthia Ann Keller, Rural Route Two, Box 1024F, Granite City; Terry Steven Kowalczyk, 1821 Rhodes, Madison; Gary Michael Marsala, 1611 Fifth St., Madison; Ruby Christine Mathenia, 5 Iris Ave., Granite City; John Robert Sparks, 2832 Palmer Ave., Granite City; and Randall Lee Teller, 2271 Shirline Drive, Granite City.

Lazerson vote today

Confirmation of Earl Lazerson, 49, as president of Southern Illinois University at Edwardsville is expected to be the highlight of the SIUE Board of Trustees meeting today on the local campus.

The open session is being held in the University Center.

SIUE Chancellor Kenneth A. Shaw announced at a news conference June 27 that he had selected Lazerson as permanent president of SIUE and would present the appointment to the SIUE board for formal ratification at the July meeting.

Lazerson, whose appointment would become effective immediately, has been serving as acting president of the university here since Chancellor Shaw, formerly president of SIUE, assumed his position as the chief executive officer of the SIUE system in September 1979.

Other matters on the agenda for today's meeting include consideration of Resource Allocation and Management Program guidelines, planning documents and capital budget requests for fiscal year 1982.

The board also is expected to grant permission to request a release of Capital Development bond funds for selected capital projects contained in the regular and reapportionment bills for fiscal year 1981, which began July 1.

Matters to be presented to the board concerning SIUE at Carbondale include a request for an increase in charges for flight training, ratification of an IBM computer system lease purchase agreement, and approval of plans and award of contract for replacement of the Grinnell Hall roof.

The public is cordially invited to attend and participate in the discussion, it was announced.

LOOT DOCTOR'S OFFICE
An undetermined amount of medication was stolen during a burglary at the office of Dr. Melvin Freedman, 2025 Edison Ave., between Saturday and Monday. Entry was gained through a door damaged in a previous burglary. All the rooms were ransacked and furniture was piled in front of the front door, nearly to the ceiling. A pair of surgical gloves was worn and was left on the floor. Also left in the office was a can of ham which had been opened and some of it had been consumed.
